Palestine Peace Not Apartheid Jimmy Carter,2007-09-18 PRESIDENT CARTER S COURAGEOUS ASSESSMENT OF WHAT MUST BE DONE TO BRING PERMANENT PEACE TO ISRAEL WITH DIGNITY AND JUSTICE TO PALESTINE

Palestine Jimmy Carter, 2008-09-04 President Carter who was able to negotiate peace between Israel and Egypt has remained deeply involved in Middle East affairs since leaving the White House He has stayed in touch with the major players from all sides in the conflict and has made numerous trips to the Holy Land most recently as an observer in the Palestinian elections of 2006 In this book President Carter shares his intimate knowledge of the history of the Middle East and his personal experiences of the principal actors and he addresses sensitive political issues many British and American officials shy from PALESTINE is a challenging and provocative book Pulling no punches Carter prescribes steps that must be taken for the two states to share the Holy Land without a system of apartheid or the constant fear of terrorism Cary Nelson, Michael C. Gizzi, 2021-10-26 PEACE AND FAITH Christian Churches and the Israeli Palestinian Conflict composed of new essays is the first collection to bring together writers from different faith communities to discuss the Boycott Divestment and Sanctions movement s impact on one of the more fractious topics addressed by Christian denominations the Israeli Palestinian conflict In so doing it builds on interfaith projects under way for decades Theology and politics intermingle in debates taking place in local churches Christian NGOs and national church meetings that define official policy. The debates revive and reframe the most basic values of Christianity and the questions church members seek to resolve How do Christians today hew to the principles Jesus articulated How can justice be pursued in the context of competing national narratives and historical understandings What bearing do or should centuries of Christian violence against Jews and Muslims have on contemporary theology and ethics Is it ethical or even possible to set aside millennia of Christian anti Semitism in judging Israel s conduct What Christian values should be honored in pursuing Jesus s mission of reconciliation today How may the pursuit of truth be corrupted by passionate social witness Can advocacy cross the line into hatred These are among the critical questions this collection poses and attempts to address **Interventions in Conflict** Rami G. Khouri, Martin Wählisch, 2016-04-08 This book presents reflections of prominent international peacemakers in the Middle East including Jimmy Carter Lakhdar Brahimi Jan Eliasson Alvaro de Soto and others It provides unique insights and lessons learned about diplomacy and international peace mediation practice based on real life experience Negotiating Arab-Israeli Peace Laura Zittrain Eisenberg, Neil Caplan, 2025-04-22 Fifteen years since the publication of its second edition this foundational text in the history of Arab Israeli peacemaking endeavors has been updated to include developments from the past twenty five years Thoroughly revised and expanded the third edition of Negotiating Arab Israeli Peace examines the history of recurrent efforts to resolve the Arab Israeli conflict since the 1970s and identifies a pattern of negative negotiating behaviors that repeatedly derail peacemaking efforts In addition to updating all of the book s existing chapters with post

2010 sources and developments authors Eisenberg and Caplan have added new chapters on the Arab Peace Initiative the Annapolis Conference the Kerry mission and the Abraham Accords as well as a conclusion that questions several core notions regarding the nature of the conflict the possibility of its resolution Arab Israeli normalization and the viability of the two state solution An epilogue extends the book s framework into present day crises in the region specifically Hamas s 7 October 2023 attack on Israel and Israel s war against Hamas in Gaza A companion website comprises nine appendices among them 145 primary source documents expanded notes links to websites for maps data and analysis peace activities and additional visual and documentary sources Also online is a robust instructor's guide offering supplementary resources and ideas for assignments research and classroom exercises all of which draw upon and complement the themes running throughout the text By measuring contemporary diplomatic episodes against the historical pattern of counterproductive negotiating habits Negotiating Arab Israeli Peace makes possible a coherent comparison of some eighty years of Arab Israeli negotiations and offers readers a framework with which to assess the relative strengths and weaknesses of peace making attempts past present and future **Evangelicals and Israel** Stephen Spector, 2008-12-09 Most observers explain evangelical Christians bedrock support for Israel as stemming from the apocalyptic belief that the Jews must return to the Holy Land as a precondition for the second coming of Christ But the real reasons argues Stephen Spector are far more complicated In Evangelicals and Israel Spector delves deeply into the Christian Zionist movement mining information from original interviews web sites publications news reports survey research worship services and interfaith conferences to provide a surprising look at the sources of evangelical support for Israel Israel is God's prophetic clock for many evangelicals irrefutable proof that prophecy is true and coming to pass in our lifetime But Spector goes beyond end times theology to find a complex set of motivations behind Israel evangelical relations These include the promise of God's blessing for those who bless the Jews gratitude to Jews for establishing the foundations of Christianity remorse for the Chu Life After Power Jared Cohen, 2024-02-13 This informative highly readable The Wall Street Journal New York Times bestselling book from the author of the bestseller Accidental Presidents explores what happens after the most powerful job in the world President of the United States Former presidents have an unusual place in American life King George III believed that George Washington's departure after two terms made him the greatest character of the age But Alexander Hamilton worried former presidents might wander among the people like ghosts They were both right Life After Power tells the stories of seven former presidents from the Founding to today Each changed history Each offered lessons about how to decide what to do in the next chapter of life This book follows the exceptional lives of past presidents including Thomas Jefferson whose time after the White House saw him shaping public debates and founding the University of Virginia an accomplishment he included on his tombstone unlike his presidency John Quincy Adams who served in Congress and became a leading abolitionist passing the torch to Abraham Lincoln Grover Cleveland who was the only president in American history to serve a nonconsecutive term

William Howard Taft who became Chief Justice of the Supreme Court Herbert Hoover who shaped the modern conservative movement led relief efforts after World War II reorganized the executive branch and reconciled John F Kennedy and Richard Nixon Jimmy Carter who had the longest post presidency in American history advancing humanitarian causes human rights and peace George W Bush who made a clean break from politics bringing back George Washington's precedent and reminding the public that the institution of presidency is bigger than any person Jared Cohen explores the untold stories in the final chapters of these presidents lives offering a unique and fascinating look at how seven individuals made the transition from the most powerful position in the world to consequential and fulfilling lives post presidency Condoleezza Rice 66th Secretary of State He tells how they handled very human problems of ego finances and questions about their legacy and mortality He shows how these men made history after they left the White House Essays from Occupied Holy Land Victor Sasson, 2010-05-17 Essays From Occupied Holy Land exposes and demolishes malignant oft repeated Zionist propaganda myths The truth is Zionism is not Judaism criticism of Israel is not anti Semitism Middle Eastern Jews were not expelled from their homelands Israelis do not seek peace The founders of the militaristic Zionist State and their successors Yiddish speakers of mixed Slavic Germanic and other non Semitic origins have deceptively hid behind a religious smoke screen aimed at covering up their colonial and apartheid policies and practices They managed with American help to create a Philistine colony in the Semitic heartland of the Near East falsely claiming a return to an ancestral homeland The biblical messianic Return of the Exiles however speaks of the return of Semitic Near Eastern Jews a return which would be realised through peaceful just means not through wars dispossession of the Palestinians and the cultural and eventual ethnic cleansing of Sephardi Babylonian Jewry But the writing on the wall is clear and requires little interpretation Personal moral and literary in character Essays From Occupied Holy Land presents an indictment of a rogue bellicose Philistine State that is foreign to the Near East and its Biblical and Semitic history and culture The Case Against Israel's Enemies Alan Dershowitz, 2008-09-29 Israel is seriously under attack from political academic religious and military enemies who are making vociferous threats against its continued existence In this important new book Dershowitz gives pro Israel supporters the ammunition necessary to defend themselves The State of the American Mind: Stupor and Pathetic Docility Volume Ii Amechi Okolo, 2010-06-11 This book The State of the American Mind Stupor and Pathetic Docility Volume One begins to unravel some of the most obvious perplexing embarrassing and enduring problems and contradictions of American history and sociology viz how could the American revolution that started with the most ringing and most inspiring Declarations of human equality in world history end up establishing the most vicious exploitative society the world ever knew Black chattel slavery and only ten percent white enfranchisement etc Further how could men of such great wisdom and intellect like George Washington James Madison Thomas Jefferson and others who were Enlightenment scholars and clearly knew that slavery was despicable and evil because they had variously experienced white servitude and slavery themselves

collude to establish and institutionalize the horrible system of Negro chattel slavery in America and also disenfranchised over 90 percent of people of their own race actions that racism could not explain The structural institutional slavery system they established and the resultant consequent racism hobbles America today as it did in the past and forced Eric Holder the Attorney General to declare that America is a nation of cowards when it comes to race discussions Thus this book starts with serious critical discussions of race in America and reveals what no textbook has ever done viz that most early American whites and Blacks were slaves an uncomfortable fact that would shock most Americans because it contradicts the orthodoxy or the dominant narrative that only Blacks were brought here in chains Further the book also shows the year Black slavery started something almost all textbooks got wrong It also shows who was the fi rst Black slave in America something no textbook ever mentions It also shows when and how racism started in America and many other very sensitive and embarrassing but necessary issues that America avoids but must be frankly discussed for America to move forward This book therefore shatters the two dominant themes of Americas history and sociology that Blacks were brought into America in chains as slaves while whites came to America in search of freedom as Harvard educated President Obama famously told us in his race speech Thus the crowning lesson of this book in addition to discussing some critical policy issues like education health care etc is that it discovers the centripetal force of the American society that eluded contemporary Americans because American bosses have laboriously concealed the facts from the public the scary but clearly healthy uniting fact that most Americans are united by their common ancestry their universal history and experience of servitude bond indentures and slavery Nothing is more universal more common and more shared in American history and sociology than the fact that most of our ancestors black and white were servants bond indentures and slaves who were dominated and super exploited by few overlords Colonial America was the preferred dumping ground for British outcasts rejects criminals masterless class vagabonds bond indentures slaves etc until 1776 when Australia replaced America as the British dump for its rejects and surplus citizens Thus that America was a nation founded by British rejects and losers is inherently more rational than the prevailing orthodoxy or the Obama theory of Americas founders that they were great honorable men who journeyed across the ocean for freedom because of the obvious reason that good powerful achieving citizens do not normally emigrate to new uncharted lands **Who Can Bring Peace In GAZA** Bhavna Bose, 2023-10-26 This book is dedicated to all those who are victims of war and terrorism in the Israel Palestine war It s my prayers for peace and by the book I am Promoting peace and understanding I have tried to shed light in brief to create an awareness of the history of Gaza talks emphasize the significance of dialogue for both sides and condemn terrorism However I have tried to approach the subject matter in brief with sensitivity and accuracy to ensure a balanced perspective and encourage peaceful solutions I will thank my kids and my Divine Goddess Durga who motivated me to write this book in an endeavour to bring peace I also thank my assistant for her invaluable support Cases in International Relations Donald M. autocrats around the world In three decades under the leadership of Kenneth Roth Human Rights Watch grew to a staff of more than 500 conducting investigations in 100 countries to uncover abuses and pressuring offending governments to stop them Roth has grappled with the worst of humanity taken on the biggest villains of our time and persuaded leaders from around the globe to stand up to their repressive counterparts The son of a Jew who fled Nazi Germany just before the war began Roth grew up knowing full well how inhumane governments could be He has traveled the world to meet cruelty and injustice on its home turf he arrived in Rwanda shortly after the Genocide scrutinized the impact of Saddam's invasion of Kuwait investigated and condemned Israel s mistreatment of Palestinians He directed efforts to curtail the Chinese government's persecution of Uyghur Muslims to bring Myanmar's officials to justice after the ethnic cleansing of Rohingya Muslims to halt Russian war crimes in Ukraine even to reign in the U S government Roth s many innovations and strategies included the deployment of a concept as old as mankind the powerful tool of shaming and here he illustrates its surprising effectiveness against evildoers This is a story of wins losses and ongoing battles in the ceaseless fight to uphold our most The iPINIONS Journal Anthony Livingston Hall, 2021-03-14 ANTHONY L HALL takes aim at the global basic values events of 2020 with a unique and refreshing perspective Some of the topics in this volume include Governments ordering lockdowns to combat Covid 19 Telling people to lockdown to combat Covid makes about as much sense as it would ve been to tell people to stop having sex to fight HIV Mandating wearing masks like wearing seatbelts or promoting the use of masks like the use of condoms would have been a lot cheaper and more effective Trump failing to defend America against Russian cyber attacks America is now a certifiably dysfunctional dystopian and defenseless mess Superpower Hell even the Roman Empire was never this er messed up before the fall Evidently that shining city on a hill was just the flickering embers of a supernova Kim declaring nuclear deal with Trump a bust Kim Jong un is feeling like a woman scorned Never mind that he behaved throughout his affair with Donald Trump like a shrew too uptight to screw Harry and Meghan announcing split from royal family Most Britons will feel about Meghan breaking up the royals the way they felt about Yoko breaking up the Beatles The Last Dance revealing how Bulls paid Jordan like a king Pippen like a pauper Michael is clearly the NBA's GOAT Unfortunately Pippen is arguably its greatest goat of all time Chinese leaders quarantining millions to contain Covid 19 Practice from quarantining millions of Uyghur Muslims for years in religious cleansing camps means that they are doing so in this case with Nazi like efficiency Democrats trying to impeach Trump Even if lead House manager Rep Adam Schiff were Christ incarnate he would still be unable to break the cult like loyalty Republicans show their two legged golden calf Republicans bending over to be cuckolded by Trump The more he humiliates white Republican men the more they like him Hell some like Senator Ted Cruz of Texas even like him when he humiliates their wives which puts a fetishistic twist on cuckoldry that is just too perverse for words White cops patrolling Black communities It's a curious thing that Black men seem so willing to cede that role of protecting their own to white men who seem all too eager to patrol Black communities

like invading soldiers Mary Trump s tell all selling like hotcakes Given the egregious way Donald exaggerates his wealth the irony cannot be lost on Mary that this book could make her the richest Trump of them all It might not be revenge but it would A New Pathway to World Peace Ted Becker, Brian Polkinghorn, 2017-09-25 Horrific changes are descending upon humanity most of them man made all of them threatening the survival of humankind on Mother Earth Forever wars the threat of nuclear destruction the ecology collapsing worldwide swelling waves of migrants and unprecedented global inequality of wealth are upon us The dominant modern worldview prevailing for many centuries has produced all the above and needs swift and radical change Central to this unfolding tragedy stands the United States boasting its exceptionality Alexis de Tocqueville s Democracy in America coined and defined how America was an exceptional nation However the America he lauded in the early 1800s and what it has become today are as different as Antarctica and Hawai i This book is designed to pry open the eyes and minds of people everywhere about the true nature of the US as a spiritual and political but not militaristic nation one to emulate and with whom to collaborate on helping resolve the violence and myopia plaquing humankind right now It illuminates a new way to reshape American thinking and that of the whole world sensibly and with sensitivity to all humanity and the planet itself But you must read to the last word to absorb the entire vision Encyclopedia of Middle East Wars Spencer C.
