Wilasinee Pananakhonsab, 2016-11-16 This book challenges assumptions about the motivations that drive women from relatively poor developing countries to use intermarriage dating sites to find partners from relatively wealthy developed countries It is generally assumed that economic deprivation or economic opportunities are the main factors but this book instead focuses on the work of women s imagination in online cross cultural relationships including the role of desire love and intimacy The experiences of Thai women are used to explore how they initiate develop and maintain love and intimacy with Western men across distance and time The book shows that in the absence of opportunities to search and meet partners from geographically distant parts of the world the technology of the internet offers new ways of searching for and managing relationships and has significant consequences for local experiences and expectations of love and partnering The book will be of interest to scholars and students with an interest in family and intimate life gender and sexualities Asian and Thai studies globalization and nationalism culture and media sociology and anthropology **A Derby Boy** Anton Rippon, 2011-10-21 A biographical account of growing up in Derby in the 1940s and 50s from local author and columnist

Anton Rippon     *Playful Pedagogy in the Pandemic* Emily K. Johnson, Anastasia Salter, 2022-08-26 Educational technology adoption is more widespread than ever in the wake of COVID 19 as corporations have commodified student engagement in makeshift packages marketed as gamification This book seeks to create a space for playful learning in higher education asserting the need for a pedagogy of care and engagement as well as collaboration with students to help us reimagine education outside of prescriptive educational technology Virtual learning has turned the course management system into the classroom and business platforms for streaming video have become awkward substitutions for lecture and discussion Gaming once heralded as a potential tool for rethinking our relationship with educational technology is now inextricably linked in our collective understanding to challenges of misogyny white supremacy and the circulation of misinformation The initial promise of games based learning seems to linger only as gamification a form of structuring that creates mechanisms and incentives but limits opportunity for play As higher education teeters on the brink of unprecedented crisis this book proclaims the urgent need to find a space for playful learning and to find new inspiration in the platforms and interventions of personal gaming and in turn restructure the corporatized surveilling classroom of a gamified world Through an in depth analysis of the challenges and opportunities presented by pandemic pedagogy this book reveals the conditions that led to the widespread failure of adoption of games based learning and offers a model of hope for a future driven by new tools and platforms for personal experimental game making as intellectual inquiry     Handbook of Competence and Motivation, Second Edition Andrew J.
