More Than Meets the Eye Robert John Rehak, 2018-03-13 Introduction Seeing past the state of the art That which survives design networks and blueprint culture between fandom and franchise Used universes and immaculate realities appropriation and authorship in the age of previz Chains of evidence augmented performance before and after the digital Microgenres in migration special effects and transmedia travel Conclusion The effects of special effects

More Than Meets the Eye Bob Rehak, 2018-03-13 A rare look at the role of special effects in creating fictional worlds and transmedia franchises From comic book universes crowded with soaring superheroes and shattering skyscrapers to cosmic empires set in far off galaxies today s fantasy blockbusters depend on visual effects Bringing science fiction from the studio to your screen through film television or video games these special effects power our entertainment industry *More Than Meets the Eye* delves into the world of fantastic media franchises to trace the ways in which special effects over the last 50 years have become central not just to transmedia storytelling but to worldbuilding performance and genre in contemporary blockbuster entertainment *More Than Meets the Eye* maps the ways in which special effects build consistent storyworlds and transform genres while traveling from one media platform to the next Examining high profile franchises in which special effects have played a constitutive role such as *Star Trek* *Star Wars* *The Matrix* and *The Lord of the Rings* as well as more contemporary franchises like *Pirates of the Caribbean* and *Harry Potter* Bob Rehak analyzes the ways in which production practices developed alongside the cultural work of industry professionals By studying social and cultural factors such as fan interaction this book provides a context for understanding just how much multiplatform storytelling has come to define these megahit franchises *More Than Meets the Eye* explores the larger history of how physical and optical effects in postwar Hollywood laid the foundation for modern transmedia franchises and argues that special effects are not simply an adjunct to blockbuster filmmaking but central agents of an entire mode of production

More Than Meets the Eye A. Nigel Goring-Morris, Anna Belfer-Cohen, 2003 These twenty three papers focus

on recent research into the Upper Palaeolithic of the Levant a murky period of human history ca 45 000 to 20 000 years ago during which modern patterns of human behaviour and communication became the norm The vast majority of archaeological data from this period relates to chipped stone tools and most contributors focus on defining and distinguishing the two main traditions in lithic technology the Levantine Aurignacian and the Ahmarian Some papers report on recent fieldwork others seek to define and explain reasons for variation and change in material culture Do lithic traditions represent different corporate groups of hunter gatherers or can variation be explained by other factors such as adaptations to local landscapes and environments or changing patterns of mobility An appendix provides a comprehensive list of available Upper Palaeolithic 14C dates in the Near East Most of the papers derive from a conference session on the Levantine Upper Palaeolithic held as part of the Society for American Archaeology annual meeting in 2000 [Air University Library Index to Military Periodicals](#),1995

Annals of Entrepreneurship Education and Pedagogy - 2021 Charles H. Matthews,Eric W. Liguori,2021-01-29 If you are looking for the intersection of past practices current thinking and future insights into the ever expanding world of entrepreneurship education then you will want to read and explore the fourth

edition of the Annals of Entrepreneurship Education and Pedagogy Prepared under the auspices of the United States Association for Small Business and Entrepreneurship USASBE this edited volume covers a broad range of scholarly practical and thoughtful perspectives on a compelling range of entrepreneurship education issues **Excavating Mormon Pasts** Newell C. Bringhurst, Lavina Fielding Anderson, 2004-08-31 Winner of the Special Book Award from the John Whitmer Historical Association Excavating Mormon Pasts assembles sixteen knowledgeable scholars from both LDS and the Community of Christ traditions who have long participated skillfully in this dialogue It presents their insightful and sometimes incisive surveys of where the New Mormon History has come from and which fields remain unexplored It is both a vital reference work and a stimulating picture of the New Mormon History in the early twenty first century **Space as a Strategic Asset** Joan Johnson-Freese, 2007-03-27 Joan Johnson Freese argues that the race for space weapons and the U S quest for exclusive or at least dominant ownership of strategic space assets have alienated the very allies that the United States needs in order to maintain its leading role in space exploration Taking a balanced look at the issues that have contributed to the decline of America s manned space program such as lack of political support and funding Johnson Freese offers not only a critique but also a plan for enhancing U S space security through cooperation rather than competition She begins with a brief overview of the history of international space development through four eras before Sputnik the space race after Apollo and globalization Then she focuses on how policy changes of the mid 1990s have changed the nation examining why the United States has grown obsessed with the development of space technology not just as a tool for globalization but as a route toward expanding an already dominant arsenal of weapons Johnson Freese claims that these policy choices have greatly affected the attitudes and actions of other countries and in the fight to achieve security the United States has instead put itself at greater peril Johnson Freese explains complex technical issues in clear accessible terms and suggests a way forward that is comprehensive rather than partisan America is not the only country with space ambitions but it is unique in viewing space as a battlefield and the technological advancements of other nations as a dire threat Urgent and persuasive Space as a Strategic Asset underscores the danger of allowing our space program to languish and the crucial role of cooperation in protecting the security of our country and the world **Index Medicus** ,2004 Vols for 1963 include as pt 2 of the Jan issue Medical subject headings **Singular Thought and Mental Files** Rachel Goodman, James Genone, Nick Kroll, 2020-02-06 The notion of singular or de re thought has become central in philosophy of mind and language yet there is still little consensus concerning the best way to think about the nature of singular thought Coinciding with recognition of the need for more clarity about the notion there has been a surge of interest in the concept of a mental file as a way to understand what is distinctive about singular thought What isn t always clear however is what mental files are meant to be and why we should believe that thoughts that employ them are singular as opposed to descriptive This volume brings together original chapters by leading scholars which aim to examine and evaluate the viability

of the mental files framework for theorizing about singular thought The first section of the volume addresses the central issues of the definition and nature of singular thought as well as how it relates to the notion of a mental file The second section addresses the legitimacy of the mental files conception of singular thought by assessing the philosophical motivations or the purported empirical support for the view or by laying out a specific version of it The third section helps to clarify both the notion of a mental file and the mental files conception of singular thought by focusing on their role in explaining de jure coreference in thought and language The volume then concludes with a final section that casts doubt on the mental files conception and the legitimacy of the file theoretic framework more generally
