Leadership Practices Dr. Widza Bryant,Cedric Bryant,2023-02-09 Leadership the ability to bring people together to accomplish shared goals be it in an organization or a church was instituted by God from the beginning In the context of the church God commissioned church leadership to go and make disciples of all nations to win souls for His kingdom throughout the world instead of standing behind a pulpit in a conventional four walls edifice that we come to know as church or donning themselves with ostentatious titles like bishop apostles prophet or prophetess to cite a few The derailment of God s perspective for church leadership has left billions of people worldwide unreached and disenfranchised from God s words thereby invoking rampant suffering not only from the ravages of wars hunger abject poverty or disease but also the transforming power of the Gospel In the Leadership Practices A Global and Biblical Perspective Drs Cedric and Widza Bryant underscore GodaEUR tm s directives His original intent of authentic biblical leadership designed to reach all people throughout the worldaEURall of which are encapsulated in Genesis 1 26 to Adam and Eve to Noah in Genesis 9 1 and in Mathew 28 19aEUR20 Jesus s mandates to the twelve disciples Go and make disciples of all nations Leadership Practices A Global and Biblical Perspectiveilluminates our understanding of the biblical inerrancy of leadership by probing on scholars relentless pursuit to further their knowledge of leadership definition and to expose different interpretations that provide a clear picture of what leadership is and how to apply it to reach excellence Could the inexorable pursuits to define leadership and align its practices be the cause of manaEUR tm s biased predispositions from GodaEUR tm s intended purpose A trend that commenced before humanity even existedaEUR The book accentuates the notion that leadership practices according to God s design was to be global and accessibleaEURa Christ centered mandate with tangible and pervasive biblical root that compels leaders to be open to change and to submit to GodaEUR tm s original practices The manuscript provides the reader with a biblically based model of leadership using numerous scriptural case studies that illustrate the differences between

what it means to operate as a leader of this world and what it means to be a Christian leader in this world By following a Christ centered model leaders learn how success begins with change and she emphasizes how leaders must first be willing to submit to change themselves before they can guide the process in others The manuscript is filled with extensive research blending scholarly works with scriptural illustrations which collectively produce an insightful repository for leaders to draw upon as they aspire to become a global Christian leader The book has wide applications for church leaders at the local national and global levels aEURDr Richardson Regent University

Preach the Word Myles MacBean,2019-11-11 How should we help equip the church leaders of Africa today There remains a well documented lack of theologically sound Bible centric preaching in Sub Saharan Africa The majority of sermons are preached by untrained or undertrained church leaders Following a practical theology praxis this book develops a conceptual framework for the evaluation of existing alternative approaches to grassroots preacher training It also proposes broad principles for effective preacher training and offers a practical solution The 20th century had seen the Christian church in Africa grow 36 fold to 360 million This amazing growth is arguably the largest religious change in human history in such a short period It has shifted the focus of Christianity from North to South This rapid growth is debatably considered by some missiologists and theologians to have resulted in an African church a mile wide and an inch deep That is a church of great

size but lacking in spiritual depth The rapid growth has led to insufficient numbers of trained leaders being available to oversee their congregations Most leaders are unpaid Untrained or undertrained leaders have an inadequate knowledge of scripture and lack understanding of its interpretation They also lack the skills they need to communicate its truths Even so they preach up to 90% of the sermons in rural Africa Despite a tremendous hunger for training among many of those preachers traditional college based theological education cannot keep up with the demand for trained pastors and preachers in an affordable or culturally appropriate manner Christian Coaching, Second Edition Gary Collins,2014-02-27 Do you long to make a difference in the lives of others Every day companies churches families and individuals turn to coaches for help in navigating life s transitions A widely used and respected resource for leaders pastors and counselors Christian Coaching will equip you with the tools to help people overcome obstacles and turn their potential into reality Now updated and expanded this groundbreaking guide presents a unique biblically based coaching model designed to help you Develop and refine your active listening skills Connect with people on a meaningful level Clarify a vision and defining steps to put it into practice Guide someone through obstacles and life transitions Coach people in a variety of career marriage family and church situations Empower people to establish healthy boundaries with friends family and work And much more Now with interactive forms and questionnaires for you and your clients this comprehensive guide may be the most helpful and entertaining book on coaching you ll read Dr Gary Collins takes all the vital elements of coaching and brings them together into one valuable resource This book is essential for anyone not just Christians who wants to make a difference in the lives of others Ken Blanchard coauthor of The One Minute Manager and Lead Like Jesus **Sending Well** Dino Senesi,2017-12-01 Sending Well A Field Guide to Great Church Planter Coaching gives practical steps for creating a system that delivers great coaching to church planters Whether you are coaching planters or attempting to develop coaches for multiple planters this book will help you Sending Well helps coaches and leaders enhance their coaching efforts in three parts Part One Build a Coaching Framework Coaching is a vehicle to help church planters pursue their unique Kingdom assignment Building a coaching framework is crucial to this assignment Church planter coaches and the planters they coach must have the same purposes in mind Building a framework helps ensure this will be the case Part Two Develop Great Coaches Great coaches are made not born they are developed Sending Well creates simple targets for coaches who want to move from good enough to great Part Three Deliver Great Coaching The meaning of the word coach must evolve from training to action Coach is a verb and supporting church planters is the desired outcome Sending Well explores four vital elements of a coaching delivery system Planting Missional Churches Ed Stetzer,Daniel Im,2016-05-01 In this second edition of Planting Missional Churches not only will you find a completely redesigned book with new content in every single chapter but you will also find several new chapters on topics such as church multiplication residencies multi ethnic ministry multisite denominations and networks and spiritual leadership **Crossroads** Robert J. Wood,2023-06-01 The evangelical Mongolian church has experienced significant growth since the country opened to the world in 1990 Despite the growth and emergence of the evangelical church in Mongolia relatively little has been written on the church from the perspective of the leaders themselves This ethnographic study seeks to express the experience of male evangelical Mongolian church leaders in their own words The book focuses specifically on the leaders experiences of conversion discipleship navigation of Mongolian culture and traditions and theological education Readers will hear from evangelical church leaders why they became Christians and what their experience with discipleship was like for them The issue of contextualization for evangelical Christians is also a central focus In particular the translation of the term for God in Mongolian and the perspective of the church leaders are explored This book will be of interest to those exploring Christianity in Asia and post socialist contexts as well as seeking to better understand contemporary Mongolian culture

Kingdom People Living by Kingdom Principles Dr. Dalton Jenkins, 2013-07-08 We do not have to travel to some foreign country to locate the mission field Right here literally in our backyards the world has come to us The church's basic mission is to preach the gospel of the kingdom of God this message has social and political aspects to its application This is the fundamental responsibility of the church This message is holistic and affects the total person As the church develops a comprehensive and practical understanding of missions this will propel Christians to act out their missional call The challenge as to how to be truly missional requires those people considered to be disciples to engage their communities in their everyday lives To capture the full essence of missions this book introduces a process called strategic evangelism This process serves to raise awareness by helping to clarify the nature of the structures and practices of the church relating to its missional focus to develop a better awareness of local missions and to introduce a process that will assist people to live out the mission by engaging their communities
