Jones, 2010-05-17 The History of the 101st Airborne Division is the epic story of the Division from its activation in August 1942 through the completion of Operation Desert Storm in April 1991 The Division s progression through the sky took decades of hard work and tens of thousands of dedicated soldiers In World War II the 101st became the first American troops to set foot in occupied France when on 6 June 1944 its paratroopers dropped behind enemy lines clearing the way for the 4th Infantry Division landing on Utah Beach The Division would become famous for its work in Holland during Operation Market Garden and for its successful defense of Bastogne Belgium during the Battle of the Bulge In Vietnam the Screaming Eagles engaged in battle from 1965 to 1972 when they began their evolution to Air Mobile by deploying by helicopter In the Gulf War the Division fired the first shots of Operation Desert Storm by destroying Iraqi radar sites and during ground war of the operation they made the longest and largest air assault in history In every engagement and during the training periods in between the 101st Airborne Division has honored the words of its first commander General William C Lee that it has a rendezvous with destiny This book is a fitting record of that history and of the men who are proud to be called Screaming Eagles Silicon Materials Science and Technology ,1998 Black Greek-letter Organizations in the Twenty-First Century Gregory S. Parks, 2008-06-13 During the twentieth century black Greek Letter organizations BGLOs united college students dedicated to excellence fostered kinship and uplifted African Americans Members of these organizations include remarkable and influential individuals such as Martin Luther King Ir Congresswoman Barbara Jordan novelist Toni Morrison and Wall Street pioneer Reginald F Lewis Despite the profound influence of these groups many now question the continuing relevance of BGLOs arguing that their golden age has passed Partly because of their perceived link to hip hop culture black fraternities and sororities have been unfairly reduced to a media stereotype a world of hazing without any real substance The general public knows very little about BGLOs and surprisingly the members themselves often do not have a thorough understanding of their history and culture or of the issues

currently facing their organizations To foster a greater engagement with the history and contributions of BGLOs Black Greek Letter Organizations in the Twenty first Century Our Fight Has Just Begun brings together an impressive group of authors to explore the contributions and continuing possibilities of BGLOs and their members Editor Gregory S Parks and the contributing authors provide historical context for the development of BGLOs exploring their service activities as well as their relationships with other prominent African American institutions The book examines BGLOs responses to a number of contemporary issues including non black membership homosexuality within BGLOs and the perception of BGLOs as educated gangs As illustrated by the organized response of BGLO members to the racial injustice they observed in Jena Louisiana these organizations still have a vital mission Both internally and externally BGLOs struggle to forge a relevant identity for the new century Internally these groups wrestle with many issues including hazing homophobia petty intergroup competition and the difficulty of bridging the divide between college and alumni members Externally BGLOs face the challenge of rededicating themselves to their communities and leading an aggressive campaign against modern forms of racism sexism and other types of fear driven behavior By embracing the history of these organizations and exploring their continuing viability and relevance Black Greek Letter Organizations in the Twenty first Century demonstrates that BGLOs can create a positive and enduring future and that their most important work lies ahead
