*Inspired Courage* Connie Phelan, 2022-06-07 Is there anything scarier than fear itself Anything more convincing than what we tell ourselves Life is full of opportunities for adventure and achievement but so many of them seem completely out of reach We fear change negative consequences and uncertainty We tell ourselves we aren't smart enough not ready not worthy But what if we're wrong What if those negative things we tell ourselves and the things we're so very scared of facing are just figments Empty constructs fashioned from our own internal programming which begins taking hold the day we are born and grows more ingrained and insidious with every experience and influence to which we are exposed Our conscious and subconscious beliefs about ourselves and the world around us are often the only things that actually stand between where we are and where we want to go between who we are and who we could become With practical examples and simple language as well as a lot of thought provoking insight and humor *Inspired Courage Breaking Through Your Barriers to Success* will teach you how to recognize your fears and self limiting beliefs face them head on and break through to the other side Then you'll finally be free to embrace the world and yourself without getting in your own way
