*Of Mottos and Morals* Mike W. Martin, 2013 Whether in slogans catchphrases adages or proverbs we encounter mottos every day but we rarely take time to reflect on them In *Of Mottos and Morals Simple Words for Complex Virtues* Martin explores the possibility that mottos themselves are worthy of serious thought examining how they contribute to moral guidance and help us grapple with complexity

Gender in the Rhetoric of Jesus Sara Parks, 2019-10-04 Examining the hypothetical earliest layer of Jesus sayings known as Q Sara Parks argues that Jesus deliberately crafted parabolic teachings regarding the basileia of God to appeal to both male and female adherents For a century after Q vestiges of gender paired teachings popped up in multiple independent texts related to Jesus from Mark to Paul to the Synoptics and John making it more likely that this inclusion of women originated with Jesus himself In *Gender and the Rhetoric of Jesus* Parks engages the divided scholarship on the meaning of gendered pairs for an evaluation of the gender politics of Q arguing that even though Q's peculiar rhetoric of gender equality was an innovation it was also a product of its time as evidenced in other contemporaneous texts which struggled with ambiguous equalities from Philo to Musonius Rufus to Joseph and Aseneth In addition she shows that Jesus rhetoric of gender as remembered in Q constitutes some of the earliest evidence for the study of first century Jewish women and women in Christian origins

**From the Ballfield to the Boardroom** Brian Goff, 2005-04-30 No one can deny that sports and business are two of the most potent forces in our culture today Sport play and the terms and phrases that define them are engrained in our collective psyche influencing the ways in which we conduct business as a game with rules of engagement tournaments of competition the shame that accompanies defeat and the bragging rights that accrue to the victor The parallels are ubiquitous as the NFL's Bill Parcells stated in a Harvard Business Review article my guess is that the challenges I've faced are not all that different from the ones that executives deal with every day People are people and the keys to motivating them and getting them to perform to their full potential are pretty much the same whether they're playing on a football field or working in an office From the Ballfield to the Boardroom draws from Brian Goff's expertise as a managerial economist to shed new light on the sports business connection Using dozens of examples from across the spectrum of professional and college sports he analyzes the ways in which key decisions are made on the playing fields and locker rooms and applies these lessons to the corporate context From the distinctive leadership styles of legendary coaches Tom Landry Vince Lombardi John Wooden and Bobby Knight among others to such culturally significant developments as the racial integration of Major League Baseball and the meteoric rise of NASCAR Goff draws from the world of sports to provide a solid foundation in the managerial arts including assessing risk and uncertainty conducting market and competitive analysis wooing customers fostering an innovative culture managing information and communication flows and resolving labor disputes The result is an incisive look at the sport of business with practical insights for successful management at all levels of your organization

**The Son of Man in Mark** Morna D. Hooker, 1967-01-01 It is essential to understand the origin meaning and use of the term Son of Man if the Gospels are to be intelligently interpreted but no phrase has in recent years caused so much scholarly debate and division of opinion Dr Hooker studies the term and concepts associated with it in the Old Testament in I Enoch and in other inter testamental literature and then examines the Marcan occurrences in the context of the Gospel as a whole finding a coherent pattern throughout in terms of which each occurrence has its proper relevance The book thus offers a challenge to the present trend of interpretation which has recently been strengthened by the studies of A J B Higgins and H E T dt but its conclusions are reached without conservative presuppositions and with a thorough study of the evidence The importance of this book for New Testament studies is assured

Beyond the Analects Michael Hunter,2017-01-16 In Confucius Beyond the Analects Michael Hunter challenges the standard view of the Analects as the earliest and most authoritative source of the teachings of Confucius Arguing from a comprehensive survey of the thousands of extant sayings and stories from the early period Hunter situates the compilation and rise of the Analects in the Western Han period 206 BCE 9 CE roughly three centuries after the death of Confucius As a study of the growth and development of the Confucius figure over the course of the early period the book is also meant to serve as a roadmap for those interested in exploring the wealth and diversity of Confucius material beyond the Analects

*The Expression Son of Man and the Development of Christology* Mogens Mueller,2014-10-20 Son of Man is practically the only self designation employed by Jesus himself in the gospels but is used in such a way that no hint is left of any particular theological significance Still during the first many centuries of the church the expression as it was reused was given content first literally as signifying Christ s human nature Later Son of Man was thought to be a christological title in its own right Today many scholars are inclined to think that in an original Aramaic of an historical Jesus it was little more than a rhetorical circumlocution referring to the one speaking Mogens M ller s *The Expression Son of Man and the Development of Christology A History of Interpretation* is the first study of the Son of Man trope which traces the history of interpretation from the Apostolic Fathers to the present concluding that the various interpretations of this phrase reflect little more than the various doctrinal assumptions held by its interpreters over centuries *School Personnel Administration* Arthur J.
