Trey's Fast Cleaning Service Practice Set (Business Papers, Journals and Ledgers, Narrative of Transactions) and General File for Practice Set Cengage South-Western, 2019-08-07 Life'S a Bitch Gary B. Boyd, 2017-10-18 Trey Managuas and Polly Anne Dodgems dreams were not the same but they were compatible Trey was unemployed at the age of sixty the victim of a factory closure He was too young to retire and too old to attract an employer His dream was to work until he was sixty six and retire with a comfortable nest egg for his golden years Polly Anne was an innovator and entrepreneur After years of research she had finally developed a process by which she could regenerate usable cotton fiber from textile scraps By regenerating the fiber from scraps her black box process would easily reduce the use of landfill space used for untold tons of textile waste More importantly her use of regenerated fiber would reduce the number of acres of land required to grow cotton which in turn would reduce the volume of chemicals and amount of water used to make that cotton grow Her dream was to make a difference in peoples lives She only needed a manufacturing facility and skilled workers to commercialize her process Treys recently shuttered nonwovens factory offered the opportunity for Polly Anne to engage in manufacturing products using her regenerated cotton fiber It was a match made in heaven Praise the Lord *Dead Wrong* ,
