gyroplanes have a bad reputation and people tried hard to dissuade me With so few gyronauts scattered across the UK in the pre Internet 1990s it felt like trying to join a secret society The only available machines were single seat and the only way to learn to fly was to own one No one said this was going to be easy My quest led me to Cornwall where a small group of autorotational veterans took me under their collective wing Thanks to them Delta J was born and they taught me how to stay alive working from the ground up Twenty years later my rotary winged obsession took this hesitant mouse across the English Channel where I discovered the unimaginable freedom of the French ultralight world My tiny rotorcraft and I are now part of that world It has been a voyage of discovery and new horizons with ups and downs in every sense a journey I could never have imagined when I took that first aeroplane flight in 1985 Gyroplanes have been my greatest adventure **Advisory circular** United States. Federal Aviation Administration,1994 **Flying Magazine** ,1979-09 **Encouragement from 30,000 Feet** Captain Greg Johnston,2018-03-22 Greg and I met over twenty years ago and discovered we shared a mutual love for flying and for our Lord and Savior Jesus Christ Being very close in seniority we have never had the pleasure of flying together but I have flown with many of his co pilots and they all share the same opinion as I do Captain Johnston is the real deal If you would like a glimpse into the world of commercial aviation and an excellent source of encouragement then this book is for you Captain Dan Mack American Airlines Captain Greg Johnston combines his thirty plus of years of experience on the flight deck to form this book of encouragement Although the flight scenarios he shares apply to aviation the biblical principles they illustrate will also apply in a unique way to daily life This is a very good read for anyone not just the aviation enthusiast alone First Officer Ann Smith American Airlines *Airman's Information Manual* ,1976 *40 years Afore the Mast Volume 2* Shawn Coyle,2018-08-21 Collection of columns relating to helicopter certification design and systems Includes digital engine controls auropilots and performance *Aeronautical Information Services Manual* ,2003
