Britain's Industrial Revolution in 100 Objects John Broom, 2023-02-22

The period of Britain's Industrial Revolution was perhaps the most transformative era in the nation's history. Between about 1750 and 1914 life and work, home and school, church and community changed irreversibly for Britain's rapidly expanding population. Lives were transformed, some for the better but many endured abysmal domestic and workplace conditions.

Eventually improvements were made to Britain's social fabric which led to the prospect of richer and more fulfilled lives for working men, women and even children. Focusing on 100 objects that either directly influenced or arose from these changes, John Broom offers a distinctive insight into this fascinating age. With plentiful illustrations and suggestions for visits to hundreds of places of historical interest, this book makes an ideal companion for a journey into Britain's industrial past.

Just Add Water Sarah Henshaw, 2023-02-02 An inspiring guide to activities and adventures to re-energise and boost your mood by our rivers, lakes and canals. While Britain's rivers, lakes and canals have long been co-opted by fitness enthusiasts for the physical benefits they can bring, it's only relatively recently that we've given much thought to their impact on our mental state too. Blue health, the idea that having access to an area of water can benefit a person's whole wellbeing, is gaining traction. These waterside places are fundamental to the kind of stuff people now realise they need in their lives: exercise, solace, natural beauty and new places to socialise with, so many of them on our doorstep. Just Add Water is your guide to the many mood-boosting and wellbeing activities, adventures and escapes that our inland waterways have to offer. Nearly 200 destinations are featured, organised into 15 core activities covering the length and breadth of the UK, making this the ideal companion for anyone planning a day trip or boating holiday. Expert journalist Sarah Henshaw explains how the activities can re-energise, inspire and relax, weaving their wellbeing benefits with practical information to help you get the most out of each experience. Accompanied by stunning images, the handbook includes everything from mudlarking to wild swimming, fishing to foraging, towpath hedgerows, paddleboarding to learning how to paint canal folk art. There are also inspirational first-hand accounts of the many ways our waterways have made a difference to people's day-to-day lives, including a high-flying exec who finds commuting by water a great way to manage stress. This guide showcases the multiple ways to be on, in, under or next to water and how it can enhance the whole spectrum of lived experience.

Narrow Minds Marie Browne, 2011-11-17 In her debut memoir Narrow Margins, Marie Browne saved her family from financial ruin by moving her long-suffering husband, three children and a dog on to a houseboat called *Happy Go Lucky* in search of a less stressful alternative way of life. Now in Narrow Minds, the family find themselves sucked back into normality; they're pretty much back where they started: horrible house, no boat, and the kids are beginning to threaten mutiny. Facing perky postmen, ice skating cows, psychotic villagers and outraged rodents, they're running out of time: their financial situation is getting desperate and there's every chance life has conspired against them to make sure they never get back afloat. Until they find the answer to their dreams lies with *Minerva*, a narrow boat even more run-down than the first. This hilarious follow-up shows the lengths to which a desperate woman will go just to restore her preferred lifestyle.

Boaters of London Ben Bowles, 2024-05-03 London and the Southeast of England is home to an alternative community of people called boaters: individuals and families who live on narrowboats, cruisers and barges along a network of canals and rivers. Many of these people move from place to place every two weeks due to mooring rules and form itinerant communities in the heart of some of the UK's most built-up and expensive
