## **Palin Ethics Investigation Report:**

*Sarah Palin* Carolyn Kraemer Cooper, 2010-11-02 This objective well researched biography tells the story of the woman whose meteoric rise to the 2008 Republican vice presidential candidacy made history Sarah Palin A Biography offers a candid yet unbiased look at the charismatic politician who became the first female nominee on a Republican national presidential ticket Covering her early childhood her high school and college years her ascendancy from the two term mayor of Wasilla to the Alaskan governorship the 2008 McCain Palin campaign and her position as potential 2012 Republican party standard bearer Sarah Palin looks at the crucial life experiences that brought Governor Palin to the forefront of American politics Going beyond the caricatures and politically motivated portraits it offers a compelling story of remarkable achievement over numerous obstacles of a modern frontier woman whose politics reflect the unmistakable influences of family faith and hard work

**The Persecution of Sarah Palin** Matthew Continetti, 2009-11-12 The real story of the Republican vice presidential nominee and her collision with the elite liberal media As the second woman ever nominated as a candidate for vice president Alaska governor Sarah Palin became an instant phenomenon Americans were enthralled by a woman with charm ambition natural political talent and a passion for conservative values But the fascination of ordinary people quickly drew an unprecedented attack from the media elite and liberal activists Far beyond the normal bounds of tough questions and challenges Palin s enemies decided that nothing was too personal to attack including her marriage her children her faith and her ward robe The media distorted Palin s positions and beliefs beyond recognition And almost every word out of her mouth was spun as a flub Weekly Standard writer Matthew Continetti reveals the true story of the 2008 Republican vice presidential nominee and her persecution by the elites who tried to hide their bias with solemn declarations of objectivity Continetti offers fresh examples of malicious spin and deceit and shows how liberal snobbery has become a driving force in American politics Palin s ordeal has become a rallying cry for the GOP in the Obama era This perceptive book is a must read for conservatives who want to understand what really happened and how to avoid a repeat

**Guilty** Ann Coulter, 2009-01-06 Liberals seem to have hit upon a reverse Christ story as their belief system He suffered and died for our sins liberals make the rest of us suffer for sins we didn t commit Who are the victims here To hear liberals tell it you d think they do nothing but suffer at the hands of ruthless entities like the Republican Attack Machine and Fox News Really It s just another instance of the Big Lie of course told so often that some people have actually started to believe it In Guilty Ann Coulter explodes this myth to reveal that when it comes to bullying no one outdoes the Left Citing case after case ranging from the hilariously absurd to the shockingly vicious Coulter dissects these so called victims who are invariably the oppressors For instance Single mothers Getting pregnant isn t like catching the flu There are volitional acts involved someone else explain it to Dennis Kucinich By this purposeful act single mothers cause irreparable harm to other human beings their own children as countless studies on the subject make clear The myth of the Republican Attack Machine The most amazing thing liberals have done is create the myth

of a compliant right wing media with Republicans badgering baffled reporters into attacking Democrats It s so mad it s brilliant It s one kind of lie to say the Holocaust occurred when the Swedes killed the Jews But it s another kind of lie entirely to say the Holocaust occurred when the Jews killed the Nazis Brave liberals In addition to being beautiful compassionate tribunes of the downtrodden liberals are brave I know that because they re always telling me how brave they are Why five nights a week MSNBC s Keith Olbermann courageously books guests who completely agree with him It doesn t get much braver than that Obambi s luck While B Hussein Obama piously condemned attacks on candidates families his media and campaign surrogates ripped open the court sealed divorce records of his two principal opponents in his Senate race in Illinois The offenders are offended Republican senator George Allen s career was destroyed when he made a joking remark to a privileged Indian American harassing him at campaign stops When did rich kids become a new protected category that must be shielded from words that are insulting in other languages How did Sidarth become a specially anointed victim What did we ever do to India And why didn t we ever hear about the far more offensive anti Semitic flyers of Allen s opponent Jim Webb One essential and recurring truth about self righteous liberals says Coulter is that they viciously attack all while wailing that they are the true victims With Guilty a mordantly witty and shockingly specific catalog of offenses that liberals would rather we ignore and forget Ann Coulter presents exhibits A through Z **Big Girls Don't Cry** Rebecca

Traister,2011-06-07 It was all as unpredictable as it was riveting Hillary Clinton s improbable rise her fall and her insistence on pushing forward straight through to her remarkable phoenix flight from the race Sarah Palin s attempt not only to fill the void left by Clinton but to alter the very definition of feminism and claim some version of it for conservatives liberal rapture over Barack Obama and the historic election of our first African American president the media microscope trained on Michelle Obama harsher even than the one Hillary had endured fifteen years earlier Meanwhile media women like Katie Couric and Rachel Maddow altered the course of the election and comedians like Tina Fey and Amy Poehler helped make feminism funny As Traister sees it the 2008 election was good for women The campaign for the presidency reopened some of the most fraught American conversations about gender race and generational difference about sexism on the left and feminism on the right all difficult discussions that had been left unfinished but that are crucial to further perfecting our union

**Unlikely Liberal** Matthew Zencey,2012-09-30 How much do you really know about former Alaskan governor Sarah Palin The revelations in Matthew Zencey s account of her tenure will surprise you Although Palin is widely seen as a conservative social ideologue her political career in Alaska was marked by a progressive approach that is at odds with her current right wing Republican identity A self described red meat conservative the partisan pit bull with lipstick had been a bipartisan pragmatic and surprisingly progressive governor who raised taxes on Big Oil and distributed oil revenue to every Alaskan She also rankled her social conservative supporters by vetoing an anti gay rights measure and placing a pro choice woman on the Alaskan Supreme Court But her mishandling of accusations of ethics violations made her politically vulnerable at home

and her foray into the partisan brawling of national politics broke apart her bipartisan governing coalition in Alaska's capital. After her failed 2008 bid for the vice presidency, Palin spent one more legislative session trying to run a big government state while maintaining her national stature as a small government conservative, but it was politically untenable. With no hope of achieving any major political accomplishments plus a growing strain on her family life, huge legal bills, and a large book advance in hand, she resigned. Zencey, an editor at the Anchorage Daily News during Palin's tenure, shows how the Sarah Palin who was so popular in Alaska is starkly different from the Sarah Palin who is now so popular with the Tea Party. *The Performance of Politics* Jeffrey C. Alexander, 2010-11-01

Contemporary observers of politics in America often reduce democracy to demography. Whatever portion of the vote not explained by the class, gender, race, and religious differences of voters is attributed to the candidates' positions on the issues of the day. But are these the only or even the main factors that determine the vote? *The Performance of Politics* develops a new way of looking at democratic struggles for power, explaining what happened and why during the 2008 presidential campaign in the United States. Drawing on vivid examples taken from a range of media coverage, participant observation at a Camp Obama, and interviews with leading political journalists, Jeffrey Alexander argues that images, emotion, and performance are the central features of the battle for power. While these features have been largely overlooked by pundits, they are in fact the primary foci of politicians and their staff. Obama and McCain painstakingly constructed heroic self-images for their campaigns, and the successful projections of those images suffused not only each candidate's actual rallies and not only their media messages but also the ground game. Money and organization facilitate the ground game, but they do not determine it. Emotion, images, and performance do. Though an untested senator and the underdog in his own party, Obama succeeded in casting himself as the hero, and McCain the anti-hero, and the only candidate fit to lead in challenging times. Illuminating the drama of Obama's celebrity, the effect of Sarah Palin on the race, and the impact of the emerging financial crisis, Alexander's engaging narrative marries the immediacy and excitement of the final months of this historic presidential campaign with a new understanding of how politics work. *Winning the Presidency 2008* William J. Crotty, 2015-11-17

The presidential election of 2008 is unique in a history of memorable campaigns for the highest office in the U.S. Never before has an African American captured the nomination of a major political party. Never before have the Republicans nominated a woman for vice president. Never before has a woman come so close to capturing the nomination of a major party. And with at once one of the oldest and youngest candidates contending for the office, never before has the campaign been stretched over such a range of voters and issues. Add to that the multiple threats to the U.S. economy and the longest war the country has ever waged, and the electoral context is set. This book is the first to describe and assess these monumental developments with original analysis by an all-star cast of contributors. No other book captures both the range and depth of this one in its early look at the meaning of the most significant election in years, one with unprecedented institutional, constitutional, and policy consequences for all of us. *Blind Allegiance to Sarah Palin* Frank

Bailey, Ken Morris, Jeanne Devon, 2011-05-24 This explosive up close view of Sarah Palin comes from an inner circle confidant who shares surprising information about how Sarah dealt with staff and perceived enemies and the discrepancy between what she said and what she did      **Very Practical Ethics** David Benatar, Emeritus Professor Philosophy David Benatar, 2024 In *Very Practical Ethics* David Benatar discusses some of the moral problems that ordinary people face in their everyday lives These are not moral problems that arise only in extraordinary circumstances nor those which are confronted only by select people in their professional or public roles rather they are problems that most people face on a daily basis Written accessibly and covering topics not often discussed by moral philosophers *Very Practical Ethics* will be of interest to students and other readers who care about how we might resolve the kinds of ethical issues we all face every day      **Focus On: 100 Most Popular 20th-century American Politicians** Wikipedia contributors,      **The New York Times Index**, 2009

**Woman President** Kristina Horn Sheeler, Karrin Vasby Anderson, 2013-08-08 What elements of American political and rhetorical culture block the imagining and thus the electing of a woman as president Examining both major party and third party campaigns by women including the 2008 campaigns of Hillary Clinton and Sarah Palin the authors of *Woman President Confronting Postfeminist Political Culture* identify the factors that limit electoral possibilities for women Pundits have been predicting women's political ascendancy for years And yet although the 2008 presidential campaign featured Hillary Clinton as an early frontrunner for the Democratic presidential nomination and Sarah Palin as the first female Republican vice presidential nominee no woman has yet held either of the top two offices The reasons for this are complex and varied but the authors assert that the question certainly encompasses more than the shortcomings of women candidates or the demands of the particular political moment Instead the authors identify a pernicious backlash against women presidential candidates one that is expressed in both political and popular culture In *Woman President Confronting Postfeminist Political Culture* Kristina Horn Sheeler and Karrin Vasby Anderson provide a discussion of US presidentiality as a unique rhetorical role Within that framework they review women's historical and contemporary presidential bids placing special emphasis on the 2008 campaign They also consider how presidentiality is framed in candidate oratory campaign journalism film and television digital media and political parody      **Time**, 2009      *Appendices to the Minutes of Evidence and Report* Great Britain. Great Britain. Royal Commission on Divorce and Matrimonial Causes, 1912      **The Obama Haters** John Wright, 2011 On November 4 2008 the

election of Barack Hussein Obama as the forty fourth president of the United States showed that the country had finally overcome its most hurtful shameful and enduring legacy slavery Though Obama s election showed progress the John McCain Sarah Palin campaign and the Republican Party used age old smear campaign tactics Their operators pulled out all the stops in an attempt to win and spread falsehoods about Obama that have only multiplied after the election The Obama Haters seeks to answer the following questions Who are these Obama haters Why do they despise him Why do various news organizations commentators and political entities treat the same facts differently Why are these pundits so powerful In order to do so Wright first lays out the democratic principles and civility toward which Americans should strive Next he investigates the persistent expressions of hatred for President Obama connecting historic antecedents of political mudslinging along with the background of virulent right wing smear tactics over the past two decades And finally he shines a harsh spotlight on the haters and fearmongers and their tactics While Americans have the right to criticize their political leadership their reasons for disapproval should be based on facts Those who invent and repeat lies to hurt the reputation of leaders weaken the democratic ideal This book is for anyone who wishes to learn how to cut through the hypocrisy and propaganda to make informed decisions based on truth      **Report** Commonwealth Shipping Committee,1912
