**Hospice and Palliative Care** Walter B. Forman, 2003 Hospice and Palliative Care Concepts and Practice Second Edition offers theoretical perspectives and practical information about this growing field Contributing authors from a variety of backgrounds working in end of life care present a historical overview of hospice and explain how the interdisciplinary team functions in the hospice setting They then discuss challenges to the team including symptom management death education ethical issues and support groups The future of hospice is addressed in the final part of the book The contributors are experts in community medical care geriatric care nursing care pain management research counseling and hospice management

Financial Considerations of Hospital-Based Palliative Care Renee T. Sullender, Sarah A. Selenich, 2016-03-30 Palliative care is an interdisciplinary care philosophy addressing patient and family needs and goals without providing a cure for the underlying disease Palliative care can be successfully provided alongside curative care which does focus on treating the disease Studies have indicated that palliative care offers a variety of quality of life benefits to both the patient and family Prompted by rapid growth of hospital based palliative care we explored the literature to better understand the financial incentives and barriers to these programs Although patients who receive palliative care in the hospital have lower hospital costs than matched patients who do not receive palliative care many hospitals face challenges in being reimbursed for services rendered by their interdisciplinary teams In some cases hospitals may absorb 50 percent of the costs of their palliative care teams because of lack of adequate reimbursement Despite the opportunity for cost savings for a variety of stakeholders without payment reform hospitals may be constrained from providing palliative care to all who might benefit Additional research is needed to understand how patients hospitals and payers may participate in cost savings attributable to palliative care so that policymakers can effectively promote these services
