grow their respective flocks However when facing a group of youth of various ages this can be daunting How do you keep their attention Particularly for modern social media addicted youth who are so easily BORED Our solution has been to look for a hook to gain and keep their attention In that spirit this book collected the ideas that worked for us Also when planning a Sunday school program you will occasionally need to inspire encourage and support other adult leaders This book is a collection of those stories along with youth activities and games While we did use scripture and Bible stories in our programs the focus of our approach was to draw on examples from nature and popular culture that point to God Then once you can grab their attention together you can lead them to a deeper understanding of Scripture while they open new insights to you

Besker, 2000-01-19 In browsing through bookstores today one sees that there is no shortage of biographies or autobiographies available Most of the subject's names in the books have become household words and so one can readily conclude that this category of writing has largely become the province of celebrities or well known personages the so called rich and famous There are a few who unabashedly attribute their success to fortuitous circumstances such as being in the right place at the right time or perhaps facetiously crediting the Man Upstairs On the other hand in many of these accounts amazing feats of derring do have been conjured up by ghost writers who had been given a free hand thus lending a new shade of meaning to the phrase creative writing This writer states that Nicholas J Besker's story is literally the truth and nothing but the truth that he had no need to resort to fiction Just the facts as Sgt Friday would say Not only was I an eye witness to these events but was also a fellow victim for eight years Fortunately I was not numbered among the Beerinsky group the bedwetters and consequently escaped the inhumane treatment and humiliation of those unfortunates Despite my statement verifying the authenticity of Besker's book I can well understand if skeptics regarded Besker's account as a figment of imagination I consider it is an illustration of the old adage that indeed truth is stranger than fiction Except for the grammatical violation in using the term it might well be said that his description of life in this childrens warehouse aka orphan home is most unique The time setting and circumstances of Nick's

sojourn in the orphanage have long since been obliterated by the sands of time and like much of the long ago past cannot be recreated or duplicated today To begin with the location of the orphanage It was situated on the shores of Lake Michigan on several acres of otherwise clear land and was one of six Catholic institutions clustered in loose fashion in an enclave of a square mile or more This community was fenced off by brick walls wire fencing and dirt roads While access to outsiders was not rigidly controlled it was unlikely that one would stray onto the premises of this Forbidden City unintentionally These buildings within were cold and soot encrusted For all intents and purposes they were as isolated as though patrolled by armed guards There is little doubt that this absolute isolation and shielding from public scrutiny were major factors in developing the peculiar lifestyle and sadistic methods of discipline torture practiced by these Brides of Christ This memoir book is an account of child abuse oppression bestiality discrimination humiliation and fear which was compounded and sugar coated with religious gobbledegook and or superstitions of the infallible Holy Mother Catholic Church It held the same credibility and validity as that offered for the torturous abuse of the various Inquisitions that indeed the end justifies the means By the time Nick was unceremoniously drummed off the premises of the orphanage into the realms of the unknown to wit the normal but mysterious outside world he was little more than a shell of a fifteen year old boy a caricature To all outside appearance except for the clothes on his back he was indistinguishable from any other teenager However the exterior was little more than camouflage offering no clue to the confusion and disorientation raging inside At fifteen years of age he was inured to a robot like state of lethargy devoid of initiative stripped of any self esteem and submissive to any vestige of authority In a word his entire physical and mental makeup was adapted to one environment life in the orphanage This is hi
