Management and Marketing for Improved Retail Competitiveness and Performance Santos, José Duarte, Pereira, Inês Veiga, Pires, Paulo Botelho, 2023-07-28 The growth of companies online presences is an unquestionable reality However not everything goes online and the physical presences of companies continue to exist with the physical retail point of sale as a place for experimentation and immediate consumption brand showroom and support for online sales which are fundamental to the shopping experience Managing a retail point of sale implies acting on several fronts bearing in mind the market requirements the point of sale's brand strategy the strategies of the brands being sold and all other aspects related to the management of a business while considering the specificities of a retail point of sale Management and Marketing for Improved Retail Competitiveness and Performance provides knowledge and skills to allow readers to understand and apply the different concepts techniques and tools to manage a retail point of sale in the various aspects of a business Covering key topics such as advertising client loyalty and merchandising this premier reference source is ideal for business owners managers marketers researchers scholars academicians practitioners instructors and students Personalized Therapy for Multiple Myeloma Saad Z. Usmani, Ajay K. Nooka, 2017-10-30 This book provides the clinician with concise practical guidance on risk stratification and therapeutic decision making in patients with multiple myeloma In addition the available clinical trial and research data are summarized into meaningful reviews and evidence based recommendations for treatment are presented The coverage encompasses all phases and forms of disease including high risk myeloma Over recent decades

greater understanding of the biology of myeloma has fostered the development of new more effective drugs leading to remarkable improvements in survival To continue this momentum several recent prospective trials have aimed to identify further potential therapeutic targets or to evaluate various combinations of anti myeloma agents The increasing abundance of management options makes the decision making complex in different phases of the disease This book will offer the clinician valuable assistance in the choice and sequencing of therapies highlighting the need for a personalized approach that reflects the growing recognition that myeloma is not one uniform disease

Emerging Concepts of Innate Immune Responses to Neglected Tropical Diseases Malcolm Scott Duthie,Yasuyuki Goto,2021-11-03 *Soft Tissue Simulants*

Arnab Chanda,Gurpreet Singh,2024-05-11 Soft tissue simulants essential for automotive and ballistic testing medical and surgical training have traditionally relied on cadavers and animal tissues However their biomechanical properties change with time due to dehydration after death and the biomechanics of the animal models cannot be translated and compared with the human tissues This book compiles various synthetic tissues used in these applications addressing their characterization and industry wide applications While older simulants lack biofidelity recent advancements in biofidelic soft tissue simulants offer promising alternatives yet technology transfer remains limited This book fills the gap by exploring each simulant s characteristics and current trends facilitating their adoption in clinical and academic settings These synthetic tissues have the potential to replace live tissues in surgical training streamlining biosafety approvals They also benefit academic researchers by reducing costs and time in biomechanical testing Anticipated to be the first of its kind this comprehensive reference book will showcase recent advancements in soft tissue simulant development serving as a cornerstone text in tissue engineering biomedical engineering medical simulation biomechanics and related fields

Sudden Cardiac Death Peter Magnusson,Jo Ann LeQuang,2020-11-19 Sudden cardiac death is a global health threat for which we have only partial answers With growing elucidation of the underlying pathophysiological mechanisms of sudden cardiac death better patient identification and treatment options are being developed These include risk stratification paradigms ICD therapy pharmacological options ablative procedures and other treatments This book covers many of these options including defibrillator technology and clinical applications It also examines pathophysiological pathways and etiologies as well as highlights risk stratification in ion channel diseases and structural heart disease such as dilated cardiomyopathy

Learning Science by Doing Science Alan Colburn,2016-12-22 Time tested activities to teach the key ideas of science and turn students into scientists Science education is becoming more rigorous than ever but that doesn t have to make it more difficult In this straightforward and witty book Alan Colburn has adapted classic investigations to help students in grades 3 through 8 truly think and act like scientists Chapter by chapter this accessible primer walks you through classic science investigations discussing how each one illustrates a big idea about the nature of science and offering clear links to the Next Generation Science Standards and its Science and Engineering Practices You ll also find A reader friendly overview

of the NGSS Guidance on adapting the activities to your grade level including communicating instructions facilitating discussions and managing safety concerns Case studies of working scientists to highlight specifics about the science and engineering practices With this elemental guide you ll teach your students not just what scientists do but how scientists think giving them the 21st century skills they need to become the next generation of scientists Now that the real work of NGSS implementation has begun there is a high demand for quality instructional resources that show how core ideas and concepts practices and the nature of science come together in meaningful intellectually engaging science investigations supported with content and pedagogical background information for the teacher Thank you Alan Coburn for providing a resource that addresses the challenges and practical reality of transitioning to quality classroom instruction that mirrors our current best thinking about teaching and learning science Page Keeley Past President of the National Science Teachers Association

Literature Reviews in Support of the Middle Level Education Research Agenda Steven B. Mertens,Micki M. Caskey,2018-04-01 In 2015 16 the Middle Level Education Research Special Interest Group MLER SIG an affiliate of the American Educational Research Association undertook a collaborative project the development of a new middle grades education research agenda The purpose of the MLER SIG Research Agenda Mertens et al 2016 was to develop a set of questions that would guide the direction of middle grades education research Ideally this Research Agenda would serve to prompt discourse and generate

research projects that could contribute to the middle grades knowledge base Members of the MLER SIG identified eight research areas a young adolescent development b cultural responsiveness c special populations d educator development e curriculum f social and emotional learning g digital technologies and h school structures This volume contains the extensive literature reviews and subsequent research questions for each of the research topics The Changing Landscape of School Leadership M. Scott Norton, 2015-12-31 The primary focus of the book is to emphasize the major changes in the leadership responsibilities of the school principal and to underscore the necessity for them to gain new knowledge and skills in order to direct their leadership toward meeting the new changes in school community goals and objectives M Scott Norton emphasizes the fact that contemporary issues and problems must be viewed as symptoms of change The symptoms represent administrative tasks that must be attacked by implementing the primary reason that the school principal is hired that of leading on going change The leader s responsibility focuses on school purposes as set forth in a viable school mission statement The school s mission statement that all too often is set forth as a public relations perspective must instead set forth answers to questions such as What is our purpose Why does our school exist What is our reason for being here How do we meet the on going changes that face us educationally The leadership of the school principal attacks the symptoms of change by collaborating with the school s faculty to set forth a mission to which all members can commit Collaboration infers a unification of members commitments toward the primary purposes of the school Collaboration and opportunities to confer on an on going basis are established Although the school principal s hands are often tied by such factors as lack of resources underfunded unfunded mandates inability to hire and retain highly qualified personnel and constantly changing program requirements related to student testing and teacher performance evaluation this book places emphasis on the principal s need to become a visionary change agent in order to attack the ever changing symptoms of educational change *Rosen's Emergency Medicine - Concepts and Clinical Practice E-Book* John Marx, Robert Hockberger, Ron Walls, 2013-08-01 Rely on Rosen s Emergency Medicine for the latest answers on every facet of emergency medicine practice For decades this medical reference book has set the standard in emergency medicine offering unparalleled comprehensiveness clarity and authority to help you put the latest and best knowledge to work for your patients in the ER Consult this title on your favorite e reader conduct rapid searches and adjust font sizes for optimal readability Compatible with Kindle nook and other popular devices Practice confidently with easily actionable dependable guidance on the entire breadth of emergency medicine topics Get expert guidance on how to approach specific clinical presentations in the ER The Cardinal Presentations Section provides quick and easy reference to differential diagnosis and directed testing for fever in the adult patient dizziness and vertigo chest pain and over 20 other frequently seen presentations in the emergency department Effectively apply the newest emergency medicine techniques and approaches including evidence based therapies for shock high cost imaging evaluation and resuscitation of the trauma patient cardiovascular emergencies evaluation and risk stratification for transient ischemic
