Transformation through Intimacy, Revised Edition Robert Augustus Masters, Ph.D., 2012-03-06 A comprehensive guide to intimacy through greater self awareness for those who want more loving passionate and liberating monogamous relationships Intimate relationship has long been viewed and lived as a lesser alternative to spiritual life More recently the need to integrate our spiritual and intimate lives rather than maintaining separate spheres and relationships on autopilot has become increasingly apparent Given the high rates of infidelity and divorce it would seem that the possibilities of freedom through intimacy have not been explored in much depth Too often we pull away when relationships become difficult missing out on the rewards of connecting more profoundly The passage from immature to mature monogamy is not only a journey of ripening intimacy with a partner but also a journey into and through zones of ourselves that may be very difficult to accept and integrate with the rest of our being Transformation through Intimacy explores intimate relationships through a four stage lens *me centered we centered codependent we centered codependent and being centered* Bringing his many years of experience as a psychotherapist and spiritual practitioner to the subject relationship expert and integral psychotherapist Robert Augustus Masters shows readers not only how to navigate the thickets of reactivity conflict shame anger fear and doubt but how to understand them in a new light so that a

deeper level of relating to oneself and one's partner becomes possible opening new levels of trust commitment and love
