Travels with Charley in Search of America by John Steinbeck

John Steinbeck, 1962 *Travels with Charley In Search of America* is a 1962 travelogue written by American author John Steinbeck It depicts a 1960 road trip around the United States made by Steinbeck in the company of his standard poodle Charley Steinbeck wrote that he was moved by a desire to see his country on a personal level because he made his living writing about it He wrote of having many questions going into his journey the main one being What are Americans like today However he found that he had concerns about much of the new America he witnessed Steinbeck tells of traveling throughout

the United States in a specially made camper he named Rocinante after Don Quixote's horse. His travels start in Long Island, New York, and roughly follow the outer border of the United States from Maine to the Pacific Northwest down into his native Salinas Valley in California across to Texas through the Deep South and then back to New York. Such a trip encompassed nearly 10,000 miles. According to Thom Steinbeck, the author's oldest son, the reason for the trip was that Steinbeck knew he was dying and wanted to see his country one last time. The younger Steinbeck has said he was surprised that his stepmother allowed his father to make the trip; his heart condition meant he could have died at any time.

Part One Steinbeck opened the book by describing his lifelong wanderlust and his preparations to rediscover the country he felt he had lost touch with after living in New York City and traveling in Europe for 20 years. He was 58 years old in 1960 and nearing the end of his career, but he felt that when he was writing about America and its people, he was writing of something he did not know about, and it seemed to him that in a so-called writer, this is criminal. p. 6 He bought a new GMC pickup truck which he named Rocinante and had it fitted with a custom camper shell for his journey. At the last minute, he decided to take his wife's 10-year-old French Poodle Charley with whom he has many mental conversations as a device for exploring his thoughts. He planned on leaving after Labor Day from his summer home in Sag Harbor on the eastern end of Long Island, but his trip was delayed about two weeks due to Hurricane Donna, which made a direct hit on Long Island. Steinbeck's exploits in saving his boat during the middle of the hurricane, which he details, foreshadow his fearless or even reckless state of mind and his courage in undertaking a long, arduous and ambitious cross-country road trip by himself.

Part Two Steinbeck began his trip by traveling by ferry from Long Island to Connecticut, passing the U.S. Navy submarine base at Groton, where many of the new nuclear submarines were stationed. He talked to a sailor stationed on a sub who enjoyed being on them because they offer all kinds of future. Steinbeck credited uncertainty about the future to rapid technological and political changes. He mentioned the wastefulness of American cities and society and lamented the large amount of waste that resulted from everything being packaged. Later, he had a conversation with a New England farmer. The two concluded that a combination of fear and uncertainty about the future limited their discussion of the coming election between Richard Nixon and John F. Kennedy. Steinbeck enjoyed learning about people by eating breakfast in roadside restaurants and listening to morning radio programs, though he noted that if Teen Age Angel is at the top of the list in Maine, it is the top of the list in Montana. 35 showing the ubiquity of pop culture brought on by Top 40 radio and mass media technologies.

Travels with Charley. In Search of America, Etc John Steinbeck, 1965 **Steinbeck's Uneasy America** Barbara A. Heavilin, Susan Shillinglaw, 2024 The first scholarly assessment of Steinbeck s bestselling travelogue Travels with Charley published in 1962 a narrative that blurs the lines between nonfiction and fiction Steinbeck s Uneasy America is the first collection of critical scholarship devoted to Travels with Charley in Search of America John Steinbeck s best selling late career travel memoir In 1960 Steinbeck was a renowned man of American letters Many considered him America s troubadour of ordinary people the conscience of the country But weakened by two small strokes and anxious that he had lost touch with America he embarked on a cross country road trip accompanied by his wife s standard poodle Charley Two years later he published Travels with Charley to popular acclaim and robust sales Throughout this narrative Steinbeck

insists that all of our perceptions are warped by personality history and society And while this hybrid and experimental book has long been accepted as an accurate account of his journey journalists and scholars agree that the narrative is part factual part fiction America as seen through Steinbeck s particular warp The work is long overdue for scholarly assessment Steinbeck s *Uneasy America* explores three main topics Part 1 explores genre and form to consider the degree to which the work is fiction or nonfiction Part 2 assesses Steinbeck s increasingly bleak assessment of America almost a jeremiad that warns citizens of ecological excess and political apathy Part 3 focuses on *Travels with Charley* as a road text travel adventure and literary influence This volume s authors offer rich scholarly insights and a wealth of stories facts and anecdotes about Steinbeck and the adventures and misadventures he and Charley met on the road Lively and groundbreaking the collection both enlightens and enlivens discussions of Steinbeck and of the twentieth century American book world
