Boyd, Claudia Monacelli, 2017-05-25 This volume provides a critical examination of quality in the interpreting profession by deconstructing the complex relationship between professional norms and ethical considerations in a variety of sociocultural contexts Over the past two decades the profession has compelled scholars and

2014-12-01 Awarded the Nobel Prize in 2010 at the age of seventy four Peruvian writer Mario Vargas Llosa has held pivotal roles in the evolution and revolutions of modern Latin American literature Perhaps surprisingly no complete history of Vargas Llosa s works placed in biographical and historical context has been published until now A masterwork from one of America's most revered scholars of Latin American fiction Mario Vargas Llosa A Life of Writing provides a critical overview of Vargas Llosa's numerous novels while reinvigorating debates regarding conventional interpretations of the work Weaving analysis with discussions of the writer's political commentary Raymond Leslie Williams traces the author's youthful identity as a leftist student of the 1960s to a repudiation of some of his earlier ideas beginning in the 1980s Providing a unique perspective on the complexity nuance and scope of Vargas Llosa's lauded early novels and on his passionate support of indigenous populations in his homeland Williams then turns his eye to the recent works which serve as a bridge between the legacies of the Boom and the diverse array of contemporary Latin American fiction writers at work today In addition Williams provides a detailed description of Vargas Llosa's traumatic childhood and its impact on him seen particularly in his lifelong disdain for authority figures as well as of the authors who influenced his approach from Faulkner to Flaubert Culminating in reflections drawn from Williams s formal interviews and casual conversations with the author at key phases of both men's careers this is a landmark publication that will spark new lines of inquiry into an intricate body of work **Mourning El Dorado** Charlotte Rogers, 2019-06-13 What ever happened to the legend of El Dorado the tale of the mythical city of gold lost in the Amazon jungle Charlotte Rogers argues that El Dorado has not been forgotten and still inspires the reckless pursuit of illusory wealth The search for gold in South America during the colonial period inaugurated the promise of El Dorado the belief that wealth and happiness can be found in the tropical forests of the Americas That assumption has endured over the course of centuries still evident in the various modes of natural resource extraction such as oil drilling and mining that characterize the region today Mourning El Dorado looks at how fiction from the American tropics written since 1950 engages with the promise of El Dorado in the age of the Anthropocene Just as the golden kingdom was never found natural resource extraction has not produced wealth and happiness for the peoples of the tropics While extractivism enriches a few outsiders it results in environmental degradation and the subjugation displacement and forced assimilation of native peoples This book considers how the fiction of five writers Alejo Carpentier Wilson Harris Mario Vargas Llosa lvaro Mutis and Milton Hatoum criticizes extractive practices and mourns the The Labyrinth of Love Alberto Castelli, 2024-08-02 This book lost illusion of the forest as a place of wealth and happiness studies the various narrative shades of love in twentieth century Latin American fiction It examines writings by Isabel Allende Roberto Arlt Garc a M rquez and Mario Vargas Llosa The author provides a close textual reading of each novel and discusses how humans make sense of their lives through love He shifts the focus of these writings from political violence and historical disillusionment to the illusion of love An important contribution to Latin American literary criticism this book will be of interest to students and scholars of literature history Latin American literature philosophy ethics aesthetics comparative
