Thank you for choosing a Traxxas Revo. We believe you have purchased the finest, most technologically advanced R/C monster truck available. Revo proudly demonstrates Traxxas' passionate commitment: innovation, ultimate performance, and unmatched engineering. Revo's radically advanced suspension, chassis, and transmission design takes performance to a higher level. Now with larger TRX 3.3 Racing Engine, Revo pushes the performance envelope even further with relentless, over-the-top horsepower. We've engineered the Revo to allow you to experience power, control, and responsiveness that surpasses anything else you've driven.

The new TRX 3.3 Racing Engine is the most powerful engine of its size ever available in a Ready-To-Run truck. Advanced engineering and design, along with thousands of hours of testing, puts the TRX 3.3 in a class by itself. Each part of the TRX 3.3 - from the air filter on the slide carburetor, to the tip on the dyno-tuned exhaust system - has been carefully engineered to provide maximum power over the broadest rpm range.

Traxxas was the first with standard on-board electric starting. The EZ-Start has evolved into an incredibly advanced and reliable starting solution, featuring thermal protection for the motor and built-in diagnostics to monitor the condition of the glow plug.

Quick Start

This manual is designed with a Quick Start path that outlines the necessary procedures to get your model up and running in the shortest time possible. If you are an experienced R/C enthusiast, you will find it helpful and fast. Be sure and read through the rest of the manual to learn about important safety information and collection

Revo 3.3's OptiDrive™ electronic shift module uses advanced microprocessor control to sense vehicle speed and optimize forward and reverse shifting. This revolutionary, patent-pending system allows the transmission to be lighter with fewer moving parts for reduced inertial mass and greater torque handling. OptiDrive provides constant drive engagement for seamless, responsive acceleration.

We know you're excited about getting your new Revo on the road, but it's very important that you take some time to read through the Owners Manual. This manual contains all the necessary set-up, break-in, tuning, and operating procedures that allow you to unlock the incredible performance and adjustment potential that Traxxas engineers designed into Revo. Even if you are an experienced R/C enthusiast, it's important to read and follow the procedures in this manual. Revo contains new technologies in the engine, suspension, and transmission operation that you may not be familiar with. Pay particular attention to the fuel and break-in requirements for the engine. The advanced design of the TRX 3.3 Racing Engine has a special break-in procedure that has been developed and proven to produce the best performing engine possible. Using traditional or old-fashioned procedures could reduce engine performance and longevity.

Revo is made to be a complete package that starts with the highest level of engineering and is equipped stock with the most powerful Ready-To-Race™ engine available. We want you to feel confident that you own the best-performing truck in the market and that it is backed by a team of professionals who aim to provide the highest level of factory support possible. Revo is about experiencing total performance and satisfaction, not just with your truck, but also with the company that stands behind it.

Thank you again for going with Traxxas. We work hard every day to assure you the highest level of customer satisfaction possible. We truly want you to enjoy your new Revo!
