Beck, 2009-10-07 Power hungry male government officials of eleven planets had created eleven black holes by imploding their planets and jettisoning ruling class members to free zones created on the other sides of the black holes By isolating themselves in these free zones the officials believed they would obtain the power of creation These arrogant men theorized that they could replace the Great Oneness the life force of the E and the vortex of energy known to all as the Ancient One thus creating a New World Order The officials found out however that the black holes were portals that allowed passage back into dimensions that were parallel to those that they destroyed The officials theorized that they needed to destroy these parallel dimensions to attain ultimate power A plot was therefore devised to implode planet Clarion and jettison
