Hands-On Science and Technology for Ontario, Grade 1 Jennifer E. Lawson, 2023-11-02. Hands On Science and Technology for Ontario Grade 1 is an easy-to-use resource for teaching the five strands of the Ontario science and technology 2022 curriculum: STEM Skills and Connections, Life Systems, Needs and Characteristics of Living Things, Matter and Energy, Energy in Our Lives, Structures and Mechanisms, Everyday Materials, Objects and Structures, Earth and Space, Systems, Daily and Seasonal Changes. Hands On Science and Technology for Ontario Grade 1 encourages students' natural curiosity about science and the world around them as they participate in hands-on activities and explore their environment. Using the inquiry approach, this comprehensive resource fosters students' understanding of STEM, science, technology, engineering, and mathematics skills. It makes coding and emerging technologies approachable for both teachers and students, emphasizes personalized learning using a four-part instructional process: activate, action, consolidate, and debrief. It enhances and relates science and technology to sustainability and our changing world, including society, the economy, and the environment. It focuses on practical applications of the engineering design process as students work on solutions to real-life problems, builds understanding of Indigenous knowledge and perspectives specific to Ontario, explores contributions to science and technology by people with diverse lived experiences. Using proven Hands On features, this book provides resources for both teachers and students, including background information on the science topics, complete easy-to-follow lesson plans, materials lists, and digital image banks and reproducibles. Find download instructions in the Appendix of the book. Innovative elements developed specifically for the Ontario curriculum include the following: plugged and unplugged coding activities in nearly every lesson; land-based learning activities; opportunities for students to use guided research; hands-on inquiry; and the
