

## Record of Oral Reading Guidelines: DRA and Rigby PM Benchmark

Rigby PM Benchmark		
Reading Behavior	How to Record	Number of Errors
Accurate Reading	Mark every word read correctly with a check mark.	No error
Told	If a student makes no attempt, he is instructed to try it. If there is still no attempt, the word is told and a T is written below the line. If a child is unable to proceed because he is aware he has made an error and cannot correct it he is told the word.	A told word is counted as one error.
Appeal	The reader's appeal, either verbal or nonverbal, is first turned back to the child for further effort, say "You try it." Record an A above the line.	The appeal does not count as an error. The child's response after the appeal determines if an error is counted.
Insertion	Use a caret to record added word(s).	Each inserted word is counted as one error.
Omission	Record as a "dash".	Each omission is counted as one error.
Repetition	Insert "R" and an arrow to indicate word(s) repeated.	Repetitions are not counted as errors.
Self-Correction	Write "SC" after substitution.	No error
Substitution	Record all attempts and errors by showing the student's responses above the text.	Multiple incorrect attempts are counted as one error. • If the student makes an error and then substitutes this word repeatedly, it is counted as an error each time. • Substitution of a proper name is only counted as an error the first time (even if various alternate substitutions are made). • Substitutions involving contractions (child reads I'll instead of I will) count as one error.
"Try That Again"	If the student appears confused, help by saying, "Try that again." Surround the muddled text in brackets and mark TTA next to the text. Child rereads text.	Bracketed text counts as only one error. On the rereading of the text every error will count.
Sounded Out/ Broken Words	Record letter sounds and use slash marks to show how words were segmented.	Words sounded out incorrectly are counted as one error.
Mispronunciation due to speech or dialect	Write the way the word was pronounced directly above the text.	No error
Pauses	Recorded by a slash /. Pauses of four different lengths are represented by /, //, ///, #	No error

Follows guidelines in *An Observation Survey of Early Literacy Achievement*, Marie Clay, 1993

- Notations in book:

- Compound words are counted as one word.

- Hyphenated words are counted as one word.

- Sounds such as brmm brmm are not counted as words.

- Numbers shown in numeral form, e.g., 1, 2, 3 are not counted as words; however when they are spelled out, e.g., one, two three, they are counted.
