Whitechapel Peter Bunnett,2015-07-15 Martin Reid was a criminal psychologist studying the behaviour of criminals He was employed by the Metropolitan Police which allowed him to visit New Scotland Yard his sole purpose for these visits was to go to the Crime Museum within the building and there he fed his obsession his strange

interest with the crimes of Jack the Ripper On one visit he met George Saunders an ex police officer who also had an interest in Jack After a short conversation they agreed to meet at a public house in Whitechapel there George would give Martin the opportunity of a lifetime to go back in time to Victorian London to try to identify Jack before he committed his first murder The journey back is mixed with horror and excitement both men knowing where Jack would strike waiting to catch a glimpse of the most notorious of serial killers this is their story How the Scots Took Over London David Stenhouse,2012-11-02 From Fleet Street to the world of medicine from the City of London to the corridors of power in Whitehall Scots have exerted a determining influence on key areas of British life since the Union of the Parliaments in 1707 Now that Scots dominate Westminster and run their own parliament in Edinburgh is the tartan takeover complete Through revealing interviews with some of the most successful Scots in London including Kirsty Wark Sheena Macdonald Tam Dalyell Norman Lamont and William Dalrymple On the Make shows how citizens of the poorest part of the United Kingdom have gained unprecedented influence over British politics the media and commerce But success has not always led to popularity While ambitious Celts have always encountered resentment from the English Scots at home also often view their successful brothers and sisters down south as selfish careerists who have abandoned their country for the lure of English gold With English commentators beginning to question the power of the Scots as never before this hard hitting book takes a challenging look at exactly how much power lies in Scottish hands in today s devolved United Kingdom **David Peace** Katy Shaw,2018-03-28 David Peace is an emerging author who is widely read and taught and whose novels are increasingly translated into commercial film The Damned United March 2009 and television Channel 4 adaptation of the Red Riding Quartet March 2009 Dr Katy Shaw s book provides a challenging but accessible critical introduction to his work through a detailed analysis of his writing as well as the socio cultural contexts of its production and dissemination The author explores Peace s attempts to capture the sensibilities of late twentieth century society and contributes to an ongoing debate in the media about Peace s representations Influenced by critical theory the text will be the first secondary resource concerning this rising star of contemporary British literature While UK readers will seek insight into the socio cultural contexts of England s regions and in particular his writing on the Yorkshire Ripper and the 1985 5 miners strike Peace also has a following in the US where both The Damned United and Red Riding are set to receive a national cinema release in 2009 10 This broad international appeal and readership will be explored and discussed especially in the context of crime fiction and social engagement This text is the first critical resource concerning this author and will cover the full body of Peace s writings to date the debates this work has generated and the often contentious representations offered by his novels **Myth, Monster, Murderer** Jackie Anderson,Ciara Wild,2022-02-28 Who were the victims of Jack the Ripper And what was the impact of his killings on women at the time and over the last 150 years **Violent Minds** Matthew Levay,2019-01-03 Levay analyzes representations of the criminal in British and American modernism from the late nineteenth century to the 1950s *The Gangs of New York* Herbert
