Ripples In Time Collected Poems 1962 2014:

Ripples in Time Don Robertson, 2014-12-03 *Ripples in Time* brings us Don Robertson's poetic journey through life beginning with the first touch of spiritual awakening while serving in the US Navy and continuing through to the present day. The writings in this book are the inward reflections of an artist who on one hand struggles with the inconsistencies of life and on the other embraces the profound discovery of an inner world of divine spirituality. *Lucretius and the Early Modern* David Norbrook, S. J. Harrison, Philip R. Hardie, 2016 The rediscovery in the fifteenth century of Lucretius *De rerum natura* was a challenge to received ideas. The poem offered a vision of the creation of the universe, the origins and goals of human life and the formation of the state all without reference to divine intervention. It has been hailed in Stephen Greenblatt's best selling book *The Swerve* as the poem that invented modernity. But how modern did early modern readers want to become? This collection of essays offers a series of case studies which demonstrate the sophisticated ways in which some readers might relate the poem to received ideas, assimilating Lucretius to theories of natural law and even natural theology while others were at once attracted to Lucretius' subversiveness and driven to dissociate themselves from him. The volume presents a wide geographical range from Florence and Venice to France, England and Germany and extends chronologically from Lucretius' contemporary audience to the European Enlightenment. It covers both major authors such as Montaigne and neglected figures such as Italian neo-Latin poets and is the first book in the field to pay close attention to Lucretius' impact on political thought both in philosophy from Machiavelli through Hobbes to Rousseau and in the topical spin put on the *De rerum natura* by translators in revolutionary England. It combines careful attention to material contexts of book production and distribution with close readings of particular interpretations and translations to present a rich and nuanced profile of the mark made by a remarkable poem. *Ripples in Time* Doran Stacey, 2024-09-30 A collection of poems reflecting different aspects of life. Feelings, emotions, visions and humour flowing from the mind like ripples in time. A wide variety of poetry on subjects such as animals, landscapes, relationships, people, flowers, suspense and many more. *Time Ripples* Larry Steinman, Robert H. Wellington, 2017-08-25 *Time Ripples* is a gift of love for those who find their way to its pages. Through poetry, prose and essay it addresses many of the issues and circumstances we all encounter during our daily journeys. Many of life's gifts and challenges are dealt with on the pages of this book which is offered as a companion or friend to accompany us as we weave our way together through this reality. Though it does not always seem so, this is a journey to be enjoyed. Remember that it is only for a brief moment that we find ourselves here before our Soul directs us to another adventure, a new experience of ever increasing purity and reflection of God's great plan. The deep mystery which we all know at a certain level but have forgotten is that we are an intimate part of this plan, co-creators of our own reality. And as co-creators we are wholly capable of healing its inconsistencies and other miscreation resulting from confused thoughts and foggy sight. *Time Ripples* is comprised of thoughts and inspirations which occurred to the author during meditation and prayer over many

years We all have access to these ideas We have only to quiet the noisy confusion of our minds through patient meditation and ultimately contemplation The poems and essays contained herein are presented as meditative seed thoughts which can be used by the reader along with their own inspirations to find a place of peace within so that each day can be a reminder of our intimate and critical place in God's created cosmos As Kahlil Gibran points out in his classic *The Prophet* we are boundless drops in a boundless ocean We are all critical to the ever expanding tapestry of creation The loss of even one Soul leaves a gaping hole in this tapestry and we all play a part in its healing for we are inseparably connected You are invited to travel a while with us through these pages and in so doing add your own precious Ripples in Time Ripples In Time

George H.
