## Features

**RISO i Quality System™:** The RISO RZ220 is equipped with the RISO i Quality System. Two-way communication between RISO i Quality System-equipped printers and their supplies is made via integrated RF (Radio Frequency) tags. These tags relay information to the printer, assuring optimum first print quality and superior output throughout the entire job.

**Front operation:** Thoughtful design makes it simple to change colors and refresh supplies in the RZ220. The printer's front section opens wide and the master making unit pulls out like a drawer, allowing easy placement of a fresh master roll.

**Energy saving mode:** Energy savings are built in to the RZ220! Energy Saving Mode lowers running costs by automatically turning the printer off or placing it in sleep mode after a user-selected period without operation. Choose from 5, 15, 30, 60, or 90-minute periods without operation before the printer turns off or enters sleep mode.
