information on changes to the methods used to prescribe traffic signs in the 2016 Traffic Signs Regulations and General
Directions In most cases the same signs will be used in the same situations as shown in Parts 1 and 2 2009 This part provides
a reference on where the requirements for individual signs in the TSRGD and design information can be found This part
introduces new options for lane control wicket signs and guidance on how these new options should be applied to different
types of schemes While this part does not replace the design of temporary traffic management arrangements it does provide
updates on relaxation schemes and on selecting safe methods of installing signs and other equipment **The Design of**
Traffic Signs, Chapter 7 Stationery Office,2013-07 In the operation and maintenance of highway networks it is necessary
from time to time to put in place temporary traffic management measures to facilitate safe road works or temporary closures
or incident management whilst keeping the traffic flowing as freely as possible The Operations Document provides guidance
for those responsible for planning managing and participating in operations to implement maintain and remove temporary
traffic management arrangements Chapter 7 reflects the Traffic Signs Regulations and General Directions TSRGD which
came into force in January 2003 and includes a number of revisions to the text from the previous edition The aim of the title
is to ensure that the correct signs are used for any given circumstances in the right position and at the appropriate size to
achieve a consistent approach across the country Key features Explanation of colour coding principles Sign design
