A Practical Guide to Creative

Writing in Schools Fiona Clark, 2021-04-22 This book contains seven tried and tested creative writing projects for pupils aged 8-14. Each project is delivered through a series of workshops and enables pupils to explore a literary genre or writing style, discuss themes and topics and receive constructive feedback about their writing. The projects cover topics such as identity, cultural heritage, tolerance, empathy, morality, dreams and much more. Teachers wanting to run creative writing projects will find this book easy to follow, practical and timesaving. Each project allows students to explore a certain literary genre or writing style in detail, be creative and have fun while learning, think about, talk about and discuss themes and topics, receive constructive feedback about their writing, pursue their own ideas, see themselves as real writers with a real audience, understand that writing can be enjoyable, artistic and relaxing, experience creativity to improve their wellbeing. These ready-made projects are invaluable for teachers who are looking for new and successful creative writing projects for a range of students. They will enable teachers to immediately start making a difference to their students' confidence and writing skills, allowing them to be as creative and imaginative as possible and use creativity as a springboard for their own writing.

Who On Earth Was Roald Dahl? He Flew in World War II... Then Took Kids on Wild Rides Instead? Hitori Nakamoto, 2025-05-28 Who On Earth Was Roald Dahl He Flew in World War II Then Took Kids on Wild Rides Instead The Truth About His Life There's something oddly subversive about Roald Dahl He is after all one of the most beloved children's authors of the twentieth century the architect of fantastical worlds where oversized peaches float across oceans and chocolate factories reveal the worst in human behavior But dig even a little beneath the surface and Dahl becomes something far more complex He was a war hero who crash landed in the Libyan desert a diplomat who mingled with American socialites a man of contradictions with a pen sharper than most knives He didn't just write stories He had a life with more than its share of plot twists the sort that wouldn't look out of place in one of his own books What makes Dahl's story so especially strange is the gap between how he is known and what his real life was like To children he is something akin to a mischievous grandfather who spins stories that make the world tilt on its side To grown ups particularly those who have looked more intently he is a mix of brilliance bitterness and breathtaking originality He could be enchanting and venomous generous and petty sometimes all in the same letter Grab a copy of this

De-constructing Dahl Laura Viñas Valle, 2016-01-14 This is the first single authored monograph on Roald Dahl since 1994 Remarkably in spite of Dahl s commercial success and the divided opinions he generates very little scholarly work on the author has been produced In the light of sociocultural constructivist theory De constructing Dahl focuses on the critical context texts and paratexts that make up the packaging of Dahl It offers the first thorough overview of the criticism and the language employed to discuss Dahl since the 1970s the difficulties that using such language entails and how it still

permeates current criticism It delves into the relationship between Dahl s children s and adult fiction by drawing comparisons and contrasts and exploring the common traits and patterns that bring his whole work together It also examines how Dahl constructed himself as a children s writer how his publishing house and allies contribute to mediating and sustaining the Dahl public persona the ways that marketing strategies are responsible for the identity of his books and how editorial decisions about the age range and therefore how the classification of a manuscript as a book for children or for adults constructs particular ideas of what children s literature is and what is considered appropriate or unsuitable for children to read

Shadow Work Emily Hodgson Anderson, 2025-03-04 How is it that reading and writing can at once isolate us and bring us closer to others Blending personal narrative with literary criticism Emily Hodgson Anderson considers what a life spent with books has taught her about loneliness and human connection She delves into the unseen labor of women authors and mothers and she argues that we can reimagine intimacy through books Herself a book lover and writer a teacher of literature and a single mom Anderson reflects on the loneliness and the strength that can come from living writing and parenting alone Shadow Work puts writers such as Jane Austen Mary Shelley Laurence Sterne and Shakespeare into unexpected conversations with authors of children s literature and contemporary fiction among them Roald Dahl Laura Ingalls Wilder Zadie Smith and Lewis Carroll Elegantly and poignantly written this book examines what it means to revisit longtime literary companions and how literature can help us better understand what we show and hide about ourselves

Aspects of Culture in Second Language Acquisition and Foreign Language Learning Janusz Arabski, Adam Wojtaszek, 2011-08-27 In recent years language learning has been increasingly viewed by some SLA researchers as an essentially social psychological process in which the role of a wider sociocultural context should not be marginalized This volume offers a valuable contribution to this growing body of research by providing theoretical considerations and empirical research data on themes such as the development of intercultural communicative competence the role of English as a lingua franca in intercultural communication and the place of cultural factors in SLA theorizing research second foreign language teaching and teacher training The volume also contains contributions which share the linguistic interest in the culture related concepts and constructs such as time modesty politeness and respect discussing the culture dependent differences in conceptualization and their reflection in particular language forms and linguistic devices
