Has to Teach Us*

Robert C. Solomon

Robert C Solomon Book

Robert C. Solomon

Robert C Solomon Book:

The Passions Robert C. Solomon, 1993-01-01 An abridged reprint of the Doubleday edition of 1976 with new preface and conclusion by the author About Love Robert C. Solomon, 2006-09-30 A subtle and distinguished work by a philosopher renowned for his groundbreaking analysis of human emotions About Love Passion, Death, and Spirituality Kathleen Higgins, David Sherman, 2012-05-30 Robert C Solomon who died in 2007 was Professor of Philosophy and Quincy Lee Centennial Professor of Business at the University of Texas USA As the first book comprehensively to examine the breadth of Solomon s contribution to philosophy this volume ranks as a vital addition to the literature It includes a newly published transcript of Solomon s last talk which responded to Arindam Chakrabarti on the concept of revenge as well as the considered views of prominent figures in the numerous subfields in which Solomon worked The content analyses his perspectives on the philosophy of emotion virtue business ethics and religion in addition to philosophical history existentialism and the many other topics that held this prolific thinker s attention Solomon memorably defined philosophy itself as the thoughtful love of life and despite the diversity of his output he was most drawn by central questions about the meaning of life the essential role that emotions play in finding that meaning and the human imperative to seek emotional integrity in which one s thoughts emotions and actions all contribute to a coherent narrative The essays included here draw attention to the interconnections between the issues Solomon addressed and evince the manner in which he embodied that integrity living a life at one with his philosophy They emphasize the central themes of passion ethics and spirituality which threaded through his work and the way these ideas informed his views on how we should approach grief and death The multiplicity of topics alone make this keystone work an enlightening read for a full spectrum of students of philosophy providing much to ponder and recounting a subtle and shining example of the emotional integrity Solomon worked so hard to define Existentialism Robert C. Solomon, 2005 Existentialism 2 e offers an exceptional and accessible introduction to the richness and diversity of existentialist thought Retaining the focus of the highly successful first edition the second edition provides extensive material on the big four existentialists Kierkegaard Nietzsche Heidegger and Sartre while also including selections from twenty four other authors Giving readers a sense of the variety of existentialist thought around the world this edition also adds new readings by such figures as Luis Borges Viktor Frankl Gabriel Garcia M rquez Keiji Nishitani and Rainer Maria Rilke Existentialism 2 e also features New translations of Kierkegaard Heidegger and Buber More extensive selections from Kierkegaard Nietzsche Heidegger and Sartre New selections by Hazel E Barnes Miguel de Unamuno Joseph Heller Philip Roth and Colin Wilson The Grand Inquisitor from Dostoevsky s The Brothers Karamazov Ideal for undergraduate courses in existentialism and Continental philosophy Existentialism 2 e is fascinating reading for anyone interested in the subject **Spirituality for the Skeptic** Robert C. Solomon, 2006-12-04 By examining the ideas of great thinkers from Kafka to Socrates this text arrives at an alternative vision of spirituality one that is non dogmatic and practical that should appeal to

many seekers looking to make sense of the human condition **From Hegel to Existentialism** Robert C. Solomon, 1987 A collection of the author's articles on key issues in the writings of major European philosophers and thinkers including Hegel Nietzsche Kierkegaard Sartre and Camus *Not Passion's Slave* Robert C. Solomon, 2003-01-30 The idea that we are in some significant sense responsible for our emotions is an idea that Robert Solomon has developed for almost three decades Here in a single volume he traces the development of this theory of emotions and elaborates it in detail Two themes run through his work the first presents a cognitive theory of emotions in which emotions are construed primarily as evaluative judgments The second proposes an existentialist perspective in which he defends the idea that as we are responsible for our emotions Indeed sometimes it even makes sense to say that we choose them While the first claim has gained increasing currency in the literature his claim about responsibility for emotions has continued to meet with considerable resistance and misinterpretation The new emphasis on evolutionary biology and neurology has mistakenly reinforced the popular prejudice that emotions happen to us and are entirely beyond our control This volume is also a kind of intellectual memoir of Solomon's own development as a thinker The essays written in the 1980s elaborate the themes of the intentionality of emotion and the claim that emotions are judgments in this period he is also increasingly preoccupied with how emotions vary and are identified in a variety of cultures In the 1990s his interests evolve to consider the social and political role of emotions and theories about emotion The final section presents his current philosophical position on the seeming passivity of the passions Despite his own critical assessment of his earlier work he continues to argue that in the final analysis we are responsible for our emotions and existential quality of our lives *The Passions* Robert C. Solomon, 2006 Robert C Solomon Professor of Business and Philosophy at the University of Texas at Austin delivers 24 lectures in which he discusses emotions primarily from the standpoint of ethics and practical concerns *Living with Nietzsche* Robert C. Solomon, 2003-08-21 Friedrich Nietzsche is one of the most popular and controversial philosophers of the last 150 years Narcissistic idiosyncratic hyperbolic irreverent never has a philosopher been appropriated deconstructed and scrutinized by such a disparate array of groups movements and schools of thought Adored by many for his passionate ideas and iconoclastic style he is also vilified for his lack of rigor apparent cruelty and disdain for moral decency In *Living with Nietzsche* Solomon suggests that we read Nietzsche from a very different point of view as a provocative writer who means to transform the way we view our lives This means taking Nietzsche personally Rather than focus on the true Nietzsche or trying to determine what Nietzsche really meant by his seemingly random and often contradictory pronouncements about the Big Questions of philosophy Solomon reminds us that Nietzsche is not a philosopher of abstract ideas but rather of the dazzling personal insight the provocative challenge the incisive personal probe He does not try to reveal the eternal verities but he does powerfully affect his readers goading them to see themselves in new and different ways It is Nietzsche's compelling invitation to self scrutiny that fascinates us engages us and guides us to a rich inner life Ultimately Solomon argues Nietzsche is an example as well as a

promulgator of passionate inwardness a life distinguished by its rich passions exquisite taste and a sense of personal elegance and excellence

The Joy of Philosophy Robert C. Solomon, 1999-11-18 The Joy of Philosophy is a return to some of the perennial questions of philosophy questions about the meaning of life about death and tragedy about the respective roles of rationality and passion in the good life about love compassion and revenge about honesty deception and betrayal and about who we are and how we think about who we are Recapturing the heart felt confusion and excitement that originally brings us all to philosophy internationally renowned teacher and lecturer Robert C Solomon offers both a critique of contemporary philosophy and an invitation to engage in philosophy in a different way He attempts to save philosophy from itself and its self imposed diet of thin arguments and logical analysis to recover the richness and complexity of life in thought Solomon defends the passionate life in contrast to the life of thoughtful contemplation idealized by so many philosophers attempting to recapture the kind of philosophy that Nietzsche celebrated as a joyful wisdom

Love Robert C. Solomon, 2010-12-08 Love our hearts yearn for it we fall into it or out of it we ll do almost anything to attain and keep it Those who have experienced the power of love whirl from its embrace It is delicious anguish gut wrenching pain and intoxicating allure Nations go to war over it crimes are committed to satisfy its demands lives are often ruined because of it and extraordinary feats of courage and sacrifice are performed in its name But beyond the cliches and greeting card platitudes do we really understand what love is and how it alters the way we think feel and behave Should love be viewed as little more than a lusty romp or is there more to it What is the relationship between love and romance caring concern compassion thoughtfulness sex and the many other components that our society jumbles together in this potent potpourri whose power can give strength to the weakest among us or turn powerhouses of strength into emotional mush It is precisely because love is such an important part of our lives that we owe it to ourselves to reach beyond overwhelming passion and the roadblocks of illusion to achieve real understanding of this extraordinary human phenomenon It won t always be easy in fact it s sometimes quite painful But the rewards are many for those who will risk exploring their own cherished attitudes about a subject that has held us in its grip for centuries and shows no signs of letting go Some of the topics covered are What I Feel in My Heart On the Alleged Origins of Romantic Love What Do I Want When I Want You Why Do I Love You The Importance of Being Honest Love Sex and Intimacy Beyond Sex and Gender What s So Good About Love

True to Our Feelings Robert C. Solomon, 2007 Solomon illuminates the rich life of the emotions what they are and how they give meaning to life He shows that emotions are all essential to values and to living happily healthily and well

A conversation with Robert C. Solomon Robert C. Solomon, Bert Kruger Smith, Charlene Warren, Hogg Foundation for Mental Health, 1982

Above the Bottom Line Robert C. Solomon, 2004 ABOVE THE BOTTOM LINE focuses on the issues of the individual in the business environment rather than focusing on large scale ethical decision making Business is defended as a necessary and valuable component of contemporary life a range of entrepreneurial ventures that should be approached in a principled thoughtful and honest

manner Looking at the importance of corporate culture students are given direction in making personal and professional decisions at work relating these to the concepts of social responsibility employer and employee rights whistle blowing corporate governance bankruptcy and many other timely business issues This text explores moral choices within the business environment and considers current business policy issues It is also a guide on how to think about business and a life in business using vignettes from history and bits of literature and anthropology to broaden the students outlook on commercial endeavors

A Better Way to Think About Business Robert C. Solomon, 1999-05-20 Is business ethics a contradiction in terms Absolutely not says Robert Solomon In fact he maintains that sound ethics is a necessary precondition of any long term business enterprise and that excellence in business must exist on the foundation of values that most of us hold dear Drawing on twenty years of experience consulting with major corporations on ethics Solomon clarifies the difficult ethical choices all people in business face He uses an Aristotelian approach to remind readers that a corporation like an individual is embedded in a community and that corporate values such as fairness and honesty are meaningless until transformed into action Without a base of shared values trust and mutual benefits today's national and international business world would fall apart In keeping with his conviction that virtue and profit must thrive together Solomon both examines the ways in which deficient values actually destroy businesses and debunks the pervasive myths that encourage unethical business practices Complete with a working catalog of virtues designed to illustrate the importance of integrity in any business situation this compelling handbook contains a gold mine of wisdom for either the small business manager or the corporate executive struggling with ethical issues

The Big Questions Robert C. Solomon, 2005-02 Written by well known and respected philosophy teacher Robert C Solomon this best selling Introduction to Philosophy text has a student friendly style and organization All of philosophy's central topics are arranged under big questions with each chapter's discussion self contained so instructors can choose which and in what order topics are presented The writing style is concise and accessible and coverage is comprehensive without being intimidating

Beyond Reason Quincy Lee Centennial Professor of Philosophy Robert C Solomon, Robert C. Solomon, 2004-12 This is the third volume of Robert Solomon's collected articles in the philosophy of emotions a series informally entitled The Passionate Life The first Not Passions Slave published in January 2003 the second In Defense of Sentimentality will publish in August 2004 A fourth and final volume is also planned Like those two volumes Beyond Reason contains a series of connected essays on emotion this time focusing on the relationship between emotions culture and various conceptions of rationality It will particularly embrace recent work in anthropology and cognitive science And like those volumes it will be aimed at a broad audience of philosophers social scientists and other people interested either in the explosion of new work on the nature of emotions or the on going debates about cultural relativism

The Joy of Philosophy Robert C. Solomon, 1999 The purpose of this book is to put the fun back into philosophy to recapture the heart felt confusion and excitement that originally brings people to philosophy

From Rationalism to Existentialism Robert C.

Solomon,2001 In this enduring text renowned philosopher Robert C Solomon provides students with a detailed introduction to modern existentialism He reveals how this philosophy not only connects with but derives from the thought of traditional philosophers through the works of Nietzsche Kierkegaard Husserl Heidegger Sartre and Merleau Ponty Thus existentialism emerges from the school of rational thought as a logical evolution of respected philosophy

Phenomenology and Existentialism Robert C. Solomon,2001 This anthology of classic essays focuses on the philosophy of Edmund Husserl and the philosophical movement to which his writings gave impetus phenomenology Sixty contributions from a wide variety of scholars provide an introduction to phenomenology and existentialist phenomenology Sections include OGeneral Introduction What Is Phenomenology OThe Phenomenology of Edmund Husserl OExistential Phenomenology and OSelf and Others O Among the contributors are Frege Chisholm Merleau Ponty Schmitt Tillman Gendlin Sellars Linsky Dreyfus Ryle Solomon Schlick Ricoeur Marcel Heidegger Sartre Brentano Olafson Camus and de Beauvo
