notes that makes beautiful music and conflict is that silence Unfortunately conflict has a bad reputation and it is often labeled as disagreement fighting or arguing that leads to stress retaliation and resentment Some managers spend a disproportionate amount of their workdays dealing with conflicts They have not learned what causes conflicts or how to productively manage them As a result they often avoid or force outcomes causing discord fractured relationships loss of productivity and even lawsuits Learning to fine tune inevitable conflicts will help managers orchestrate a more harmonious workplace From Discord to Harmony Making the Workplace Hum is largely evidence based and many of the chapters contain cutting edge research by experts in their respective fields **International Business Negotiation** Barry
