Introducing Christian Doctrine Millard J. Erickson, 2001-04 An enhanced version of a classic undergraduate text

Early Christian Doctrines J. N. D. Kelly, 2000-11-20 A history of doctrines of the early Church written and arranged with exceptional clarity by a leading patristic scholar the principal of St Edmund Hall Oxford Canon Kelly describes the development of the principal Christian doctrines from the close of the first century to the middle of the fifth and from the end of the apostolic age to the council of Chalcedon His book thus covers the

great doctrinally creative period in the Church's history the centuries in which there was a constant upsurge of fresh ideas before the settled formalism of both the East and West He gives the student and invaluable outline of Church history and patrology against which to place the evolving theological doctrines which he summarises and expounds Back cover

Cyril of Alexandria's Trinitarian Theology of Scripture Matthew R. Crawford, 2014-08-28 More exegetical literature survives from the hand of Cyril of Alexandria than nearly any other Greek patristic author yet this sizable body of work has scarcely received the degree of attention it deserves In this work Matthew R Crawford reconstructs the intellectual context that gave rise to this literary output and highlights Cyril's Trinitarian theology received as an inheritance from the fourth century as the most important defining factor Cyril's appropriation of pro Nicene Trinitarianism is evident in both of his theology of revelation and his theology of exegesis the two foci that comprise his doctrine of Scripture Revelation in his understanding proceeds from the Father through the Son and in the Spirit following the order of Trinitarian relations Moreover this pattern applies to the inspiration of Scripture as well insofar as inspiration occurs when the Son indwells human authors by the Spirit and speaks the words of the Father Although Cyril's interpretation of revelation may consequently be called Trinitarian it is also resolutely Christological since the divine and incarnate Son functions as the central content and mediator of all divine unveiling Corresponding to this divine movement towards humanity in revelation is humanity's appropriation of divine life according to the reverse pattern in the Spirit through the Son unto the Father Applied to exegesis this Trinitarian pattern implies that the Spirit directs the reader of Scripture to a Christological interpretation of the text through which the believer beholds the incarnate Son the exemplar of virtue and the perfect image of the Father and accordingly advances in both virtue and knowledge This process continues until the final eschatological vision when the types and riddles of Scripture will be done away with in light of the overwhelming clarity of the Christologically mediated Trinitarian vision

The Doctrine of the Church and Christian Reunion Arthur Cayley Headlam, 1923

Rome and the Eastern Churches Aidan Nichols, 2010-03-12 In the second edition of this major work Dominican theologian Aidan Nichols provides a systematic account of the origins development and recent history now updated of the relations between Rome and all separated Eastern Christians By the end of the twentieth century events in Eastern Europe notably the conflict between the Orthodox and Uniate Churches in the Ukraine and Rumania the tension between Rome and the Moscow patriarchate over the re-establishment of a Catholic hierarchy in the Russian Federation and the civil war in the then federal People's Republic of Yugoslavia brought attention to the fragile relations between Catholicism and Orthodoxy which once had been two parts of a single Communion At the start of the twenty first century in the pontificate of Benedict XVI a papal visit to Russia at the symbolic level a major step forward in the healing of memories appears at last a realistic hope In addition the schisms separating Rome from the two lesser but no less interesting Christian families the Assyrian Nestorian and Oriental Orthodox Monophysite Churches are examined The book also contains an account of the origins and present condition of the Eastern

Catholic Churches a deeper knowledge of which by their Western brethren was called for at the Second Vatican Council as well as by subsequent synods and popes Providing both historical and theological explanations of these divisions this illuminating and thought provoking book chronicles the recent steps taken to mend them in the Ecumenical Movement and offers a realistic assessment of the difficulties theological and political which any reunion would experience **Journal of Theological Studies** ,1918
