### Question 1:

In a democracy why is universal adult franchise important?

#### Answer 1:

In a democracy, universal adult franchise is important because of the following reasons:

- Democracy is the government of the people, by the people and for the people.
- Every adult irrespective of caste, creed, religion, region, sex, rich or poor people are allowed to vote. This is called universal adult franchise.
- Concept of universal adult franchise is based on equality.
- In democracy every citizen is equal.

### Question 2:

Re-read the box on Article 15 and state two ways in which this Article addresses inequality?

#### Answer 2:

Article 15 in democracy of the constitution prohibits discrimination on grounds of religion, race, caste, sex or place of birth. Two ways in which this Article addresses inequality:

- It suggests States not to discriminate against any citizen on grounds only of religion, race, caste, sex, place of birth or any of them.
- No citizen shall be subject to any disability, liability and restriction on grounds only of religion, race, caste, sex, and place of birth or any of them.

### Question 3:

In what ways was Omprakash Valmiki's experience similar to that of the Ansaris?

#### Answer 3:

By picking on him and making him sweep the school, because of his caste, Omprakash Valmiki's schoolmates and teachers hurt his dignity badly and made him feel as if he was less equal to all other students in the school. Omprakash Valmiki was not allowed to sit with other students on the desks or mats but at the end of the worn-out mat. Being a child, Omprakash Valmiki could do very little in this situation.

The Ansaris dignity was also hurt when persons refused to lease their apartments to them. However, when the property dealer suggested that they change their name, it was their dignity or self-respect that made them refuse his suggestion. Omprakash Valmiki's experience was similar to that of the Ansari's because both were treated unequally based on caste and religion, their dignity was violated. They both deserved the same equality, respect, and dignity as anyone else.

### Question 4:

What do you understand by the term "all persons are equal before the law"? Why do you think it is important in a democracy?

#### Answer 4:

The Indian Constitution recognizes every person equal before the law. By the term, "all persons are equal before the law," we understand equality. Universal Adult Franchise is a concept based on equality. Equality is important in a democracy because democracy is the government of the people, by the people and for the people. Equality is the essence of democracy. If people are discriminated based on caste, creed, religion, sex, prosperity, etc. the democracy will not survive. Every person irrespective of his caste, religion, economic status, educational status etc. has the same right to be treated with dignity as others.

**The Handbook of Policy Practice** Ira C. Colby,2018-01-29 All social work practice is regulated by social policies Professionals however cannot arbitrarily select which policy to follow in any circumstance Knowing what comprises a given policy is essential but equally

important is understanding how to amend a policy by applying unique skills that reflect the social work profession's shared values and beliefs. Recognizing that a series of interdependent social policies govern every aspect of social work in both nonprofit and public organizations, this practice-specific textbook focuses on influencing social policies in an agency setting or through formal governmental processes. Purposefully, the Handbook also relies on information from the digital world using the web as a primary source, builds on the social work profession's long-held belief to begin where the client is. Using the links to the various data and citation sources, readers will learn to identify and discern the features of a valid website. As a whole, *The Handbook of Policy Practice* is an essential resource for all BSW and MSW students. **The Civic**

**Mission of Museums** Anthony Pennay, 2020-12-15. Museums have long sought to maintain relevance in the daily lives of their communities. Over the past several decades, museums have shifted as a field from a focus on collections to a focus on connecting with audiences. More recently, museums must confront political polarization and a decreasing sense of trust in nearly every public institution. As a result, few institutions are better positioned to serve the country than museums. In fact, polls show that museums rank among the most trusted institutions in the country regardless of political belief. During tumultuous times, this trust means that museums have a unique and important responsibility to fulfill their civic mission. A century ago, John Cotton Dana argued that the most important thing a museum can do is produce a public benefit. *The Civic Mission of Museums* argues that museums play an essential role in the cultivation of engaged and informed citizens. The book outlines a spectrum of civic learning that includes civic knowledge, civic mindset, civic skillset, and civic action. It offers concrete examples of impactful civic programming, exhibits, and public engagement from a diverse set of museums. It ends with a practical toolkit gleaned from across the country for museum professionals to utilize. *My Revision Notes: OCR*
