Individual Intellectual Integration in Russian Students Leonid Dorfman, Alexey Kalugin, 2022-08-22 This book develops an integrative view of individuality that relies on a polysystemic approach It considers and combines two systems namely individuality and intelligence with creativity in a theoretical and empirical way It focuses on cross theoretical and empirical integrations unifying the theory of integral individuality of V S Merin with the structural dynamic theory of

intelligence of D V Ushakov and the theory of divergent creative thinking of J Guilford As the book shows these theories hold together describing and revealing a new fragment of the integral individuality at the expense of intelligence and creativity

Self Discovery Journal Tiffany Adams,2020-01-27 Over 69 percent of people feel trapped in their same old redundant routine Are you one of them Do you wake up to your alarm in the mornings get ready for work as usual and feel like something in your life is missing Something with significance Are you tired of doing the things you typically do expecting a new outcome each time only to be disappointed when you make absolutely no personal progress or growth whatsoever Do you want to create a new life for yourself one filled with genuine happiness and a love for both yourself and what you do Dissatisfaction is all too common nowadays People are depressed miserable and hate their daily routine feeling as if their life s purpose doesn t exist For the most part a major contributing factor is that you stay in your comfort zone and don t try to grow as an individual Another part is that your mind is too fixated on The best thing you can do for yourself in times of doubt sadness and unfulfillment is to focus your thoughts inward and try In Self Discovery Journal you will discover 365 thought provoking questions to help you better understand yourself and open the door of opportunity for change in both mindset and lifestyle How to become happy and satisfied in the life you re living as well as how to make your dream life turn into reality The never ending life cycle many people get sucked into and how to dig yourself out of this torturous rabbit hole The key to maintaining a successful life even if your goals constantly develop into something entirely new The 1 stumbling block that hinders personal growth and how to push past its detrimental effects on your future A step by step manual designed to steer you in the right direction towards finding your life s purpose and achieving a fulfilled life How figuring out your personality type can help you decide what kind of life would suit you best and how to do it The well known saying You can t teach an old dog new tricks simply doesn t apply here It doesn t matter whether you re in your mid twenties or your late fifties it s never too late for anyone to make the change they wish to see within their own self discovery Not only can you take this journey at your own pace and in the comfort and privacy of your own home but there also aren t any seminars programs or life coaches involved so you can rest assured knowing there will be no extra costs draining your funds Even if you ve given self discovery a try before finding yourself ending the program with the same mindset as when you began it is something worth fighting for and trying again and again until it finally clicks After all it isn t about the destination but the journey itself that it took to get there The clock is ticking Every second you spend on something that isn t working towards finding your true self is another second wasted in misery
