Berson,Tyrone Caldwell Howard,Cinthia Salinas,2012 *Educating Adolescent Newcomers in the Superdiverse Midwest* Brian Seilstad,2021-03-24 This book juxtaposes superdiversity with the reality of English centricity in the United States set against the long standing challenges regarding migration and language policy in the US most recently underlined by Donald Trump s 2016 election win and subsequent aggressive and partially successful attempts to limit migration The book explores the history policies and practices of an adolescent newcomer program in Central Ohio in the US Midwest that seeks to provide an equitable and engaging education to its students It addresses on the one hand positive progressive institutional responses including an embrace of translanguaging and a willingness to acknowledge and build on students languacultural backgrounds On the other hand the book explores the effects of inconsistent inefficient and sometimes nonsensical patterns in these responses The book analyzes student outcomes and argues that although some students are well served by the program tensions in the program lead to uneven and even troubling behavior and results ranging from poor academic performance to dropping out Finally the book addresses ongoing evolutions and debates to the program and their potential to realize the program s aspirations **Who's who in the Midwest** ,2004 Applied Social Studies ,1969 **Library of Congress Catalogs** Library of Congress,1970 **Annual Meeting - National Council for the Social Studies** National Council for the Social Studies,1958 **Library of Congress Catalog** Library of Congress,1965 A cumulative list of works represented by Library of Congress printed cards **Subject Catalog** Library of Congress,1965 *Illinois Education* ,1949 *El-Hi Textbooks & Serials in Print* ,2005 ,2005 African Books in Print ,1993 **Urban Sociology** William G. Apple Pie and Enchiladas Ann V. Millard,Jorge Chapa,2013-09-17 The sudden influx of significant numbers of Latinos to the rural Midwest stems from the recruitment of workers by food processing plants and small factories springing up in rural areas Mostly they work at back breaking jobs that local residents are not willing to take because of the low wages and few benefits The region has become the scene of dramatic change involving major issues facing our country the intertwining of ethnic differences prejudice and poverty the social impact of a low wage workforce resulting from corporate transformations and public policy questions dealing with economic development taxation and welfare payments In this thorough multidisciplinary study the authors explore both sides of this ethnic divide and provide the first volume to focus comprehensively on Latinos in the region by linking demographic and qualitative analysis to describe what brings Latinos to the area and how they are being accommodated in their new communities The fact is that many Midwestern communities would be losing population and facing a dearth of workers if not for Latino newcomers This finding adds another layer of social and economic complexity to the region s changing place in the global economy The authors look at how Latinos fit into an already fractured social landscape with tensions among townspeople farmers and others The authors also reveal the optimism that lies in the opposition of many Anglos to ethnic prejudice and racism **The Meanings of Teaching** Allen Menlo,Pam Poppleton,LeVerne S. Collet,1999-07-30 The nine country study reported here has been carried out by member teams of the Consortium for Cross Cultural Research in Education **Research Awards Index** , *Research Grants Index* National Institutes of Health (U.S.).
