

## Personal Support Worker (PSW) guide to progress notes

### What is a progress note?

A progress note is written information that tells what the PSW did to meet the needs of the person they work for. Progress notes can be in the language the PSW writes in. Click here for more information about [Progress Note Requirements](#).

### Example #1

Took Janea to the store.

- Good progress note: Assisted Janea with shopping.
- Better progress note: Assisted Janea with grocery shopping, budgeting, making change, talking with people, and transportation.
- Best progress note: Assisted Janea at the grocery store with selecting needed items, staying within budgeted amount, counting correct change, and communicating with the cashier. Provided transportation to and from grocery store.

### Example #2

Took Janea bowling.

- Good progress note: Supported Janea at the bowling alley.
- Better progress note: Provided social and communication support to Janea while at the bowling alley
- Best progress note: Provided social and communication support to Janea while at the bowling alley:
  - Prepped for conversation with cashier before going in
  - Reminded of social rules at the bowling alley
  - Reminded of safety rules when talking with people she met at the bowling alley

### Example #3

## **Social Worker Notes For Dialysis:**

**Social Work Diagnosis in Contemporary Practice** Francis J. Turner, 2005-02-10 The unifying theme of this broad reaching volume is that responsible ethical and effective social work practice rests on the diagnostic skills of the practitioner Social work diagnosis refers to the conscious formulation of an ongoing set of decisions about the client and his or her situation which serve as the basis for intervention decisions for which the practitioner must be prepared to take responsibility Diagnostic skill development is an ongoing process principally enhanced by a continuous commitment to remain at the cutting edge of the profession's body of knowledge but one of the challenges for today's practitioner is keeping abreast of the rapidly expanding body of knowledge contained in some 200 important social work periodicals in circulation Francis J Turner a preeminent clinical scholar brings together in one volume some of the best work published since 2000 each reflecting new insights into understanding psychosocial situations and innovative methods of applying knowledge and skills in an increasingly effective manner Each of the 78 articles in this volume highlights some of the critical dimensions of contemporary social work practice guiding clinicians to address four key aspects in order to craft an accurate diagnosis The first section presents articles covering the developmental spectrum each of which fully explains various ages and stages of development The second section focuses on a range of specific situations helping practitioners and students enrich their understanding of different types of problems they meet in contemporary practice whether they are based in mental illness psychosocial issues or physical ailments The third section addresses the crucial component of diversity demonstrating the complexity and critical importance of truly understanding clients and their lives The last section of the book discusses innovative approaches to practice selected to offer practitioners easy access to the latest interventions for a host of contemporary challenges facing clients and their therapists Broad in scope and tightly focused on the goal of providing the most up to date information necessary for accuracy in the diagnostic process this volume represents some of the best research available to today's social workers

**Social Work in Health Settings** Judith L.M. McCoyd, Toba Schwaber Kerson, 2010-01-21 Suitable for students and practitioners this title introduces social work students to a range of clients and offers an overview of many social work services in the health arena It also includes 29 casebook chapters
