

## **CHAPTER SUMMARIES – Society: The Basics**

### **CHAPTER 1 – SOCIOLOGICAL PERSPECTIVE**

- The sociological perspective reveals the power of society to shape individual lives.
  - C. Wright Mills called this point of view the “sociological imagination,” which transforms personal troubles into public issues.
  - Being an outsider or experiencing a social crisis encourages the sociological perspective.
- Global awareness is an important part of the sociological perspective because
  - Where we live shapes the lives we lead.
  - Societies throughout the world are increasingly interconnected.
  - What happens in the rest of the world affects life here in Canada.
  - Many social problems that we face in Canada are far more serious elsewhere.
  - Thinking globally helps us learn more about ourselves.
- Rapid social change helped trigger the development of sociology:
  - Rise of an industrial economy.
  - Explosive growth of cities.
  - New political ideas.
- Auguste Comte named the discipline of sociology in 1838.
  - Early philosophers had tried to describe the ideal society, but Comte wanted to understand society as it really is.
  - Karl Marx and many later sociologists used sociology to try to make society better.

#### **Applying the Sociological Perspective**

- The sociological perspective
  - Used by government agencies when developing laws and regulations that guide how people in communities live and work.
  - Helps us understand the barriers and opportunities in our lives.
  - An advantage in many fields of work that involve working with people.

#### **Sociological Theory**

##### **Macro-level:**

- The structural-functional approach explores how social structures work together to help society operate.
  - Auguste Comte, Emile Durkheim, and Herbert Spencer helped develop the structural-functional approach.
- The social-conflict approach shows how inequality creates conflict and causes change.
  - Two important types of conflict analysis are gender-conflict theory, which is also called feminist theory, and race-conflict theory.
  - Karl Marx helped develop the social-conflict approach.

##### **Micro-level**

- A close-up focus on social interaction in specific situations
- The symbolic-interaction approach studies how people, in everyday interaction, construct reality.
  - Max Weber and George Herbert Mead helped develop the social-interaction approach.
