### **Sociology Cambridge Past Papers 2013:**

*Law, Society and Community* Richard Nobles, David Schiff, 2016-04-22 This collection of socio legal studies written by leading theorists and researchers from around the world offers original perceptive and critical contributions to ideas and theories that have been expounded by Roger Cotterrell over a long and distinguished career Engaging with many classic issues and theories of the sociology of law the contributions are likely to become classics themselves as they tackle some of the most significant challenges that modern law faces They do not shy away from what one of the contributors describes as the complexity and multiplicity of our contemporary legal world The book is organized in three parts socio legal themes methodological and jurisprudential themes globalization cultural and comparative law themes Starting with a chapter that re engages with the need to interpret legal ideas sociologically and ending with one that explores the global significance of modern fascination with the idea of the rule of law this selection offers important additions to the oeuvre of Roger Cotterrell a list of whose academic writings is included in the book

*Handbook on Evolution and Society* Alexandra Maryanski, Richard Machalek, Jonathan H. Turner, 2015-11-17 Handbook on Evolution and Society brings together original chapters by prominent scholars who have been instrumental in the revival of evolutionary theorizing and research in the social sciences over the last twenty five years Previously unpublished essays provide up to date critical surveys of recent research and key debates The contributors discuss early challenges posed by sociobiology the rise of evolutionary psychology the more conflicted response of evolutionary sociology to sociobiology and evolutionary psychology Chapters address the application and limitations of Darwinian ideas in the social sciences Prominent authors come from a variety of disciplines in ecology biology primatology psychology sociology and the humanities The most comprehensive resource available this vital collection demonstrates to scholars and students the new ways in which evolutionary approaches ultimately derived from biology are influencing the diverse social sciences and humanities

*The Evolution of Intermediary Institutions in Europe* Poul F Kjaer, Eva Hartmann, 2015-08-11 This book investigates the consecutive shifts between three types of intermediary institutions in the European context Corporatist Neo corporatist and Governance institutions It does so by combining insights from European Political Economy European Integration and governance studies and socio legal studies in the European context

*Law and Disorder* Illan Rua Wall, 2020-12-20 Focusing on the moment when social unrest takes hold of a populace Law and Disorder offers a new account of sovereignty with an affective theory of public order and protest In a state of unrest the affective architecture of the sovereign order begins to crumble The everyday peace and calm of public space is shattered as sovereign peace is challenged In response the state unleashes the full force of its exceptionality and the violence of public order policing is deployed to restore the affects and atmospheres of habitual social relations This book is a work of contemporary critical legal theory It develops an affective theory of sovereign orders by focusing on the government of affective life and popular encounters with sovereignty The chapters explore public order as a key articulation between

sovereignty and government In particular policing of public order is exposed as a contemporary mode of exceptionality cast in the fires of colonial subjection The state of unrest helps us see the ordinary affects of the sovereign order but it also points to crowds as the essential component in the production of unrest The atmospheres produced by crowds seep out from the squares and parks of occupation settling on cities and states In these new atmospheres new possibilities of political and social organisation begin to appear In short crowds create the affective condition in which the settlement at the heart of the sovereign order can be revisited This text thus develops a theory of sovereignty which places protest at its heart and a theory of protest which starts from the affective valence of crowds This book s examination of the relationship between sovereignty and protest is of considerable interest to readers in law politics and cultural studies as well as to more general readers interested in contemporary forms of political resistance

**Legacies and Memories in Movements** Donatella Della Porta, 2018 Legacies and Memories in Movements addresses the long term effects of democratic transitions on social movements in Italy Greece Portugal and Spain Donatella della Porta and her collaborators examine the concepts of historical legacy and memory suggesting ways to apply them in analyses of the long term effects of movements movement participation and movement strategies and tactics

**Handbook of Population** Dudley L. Poston Jr., 2019-04-16 The 2nd edition of the Handbook of Population covers the major topics of the discipline of demography including current substantive methodological and theoretical issues of interest as well as new and emerging topics in the field In addition to revised updated and extended chapters that were included in the 1st edition this 2nd edition of the Handbook brings to the forefront entirely new chapters covering such major themes as children adoption sexuality inequality population psychology rural demography and obesity Chapters in this Handbook will expand our knowledge of the field and will raise awareness of the causes and the consequences of demographic behavior and events in societies throughout the world This 2nd edition will also serve as a reference in the field of population studies for years to come It will generate new questions and research ideas and will positively impact the growth development and expansion of demography

**Contesting Africas New Green Revolution** Jacqueline Ignatova, 2021-05-20 In this insightful critique of arguments for and against GMOs as a remedy for poverty inequality and hunger in Africa Ignatova illuminates the way the new Green Revolution serves as a vehicle for philanthrocapital generating markets and wealth for global agribusiness in the name of pro poor development Sara Berry Professor Emeritus John Hopkins University USA Ignatova s important book illuminates profound problems with public private partnerships that skirt democratic accountability and empower wealthy interests at the expense of local communities But it s not a despairing account she centres Ghanaian activists and policy makers who are pioneering a new

type of philanthropy one emphasizing interdependency and social justice over anti democratic efforts to privatize seed commons A revelatory and insightful study Linsey McGoey Professor of Sociology University of Essex UK Like a combine through a field of genetically modified maize Jacqueline Ignatova cuts through the rhetoric surrounding the Green Revolution for Africa to reveal the underlying power politics and inequities that shape agricultural development in contemporary Ghana Full of rich empirics and analytical insights this book is essential reading for those seeking a comprehensive understanding of how public private partnerships and philanthropy driven initiatives are reshaping smallholder agriculture across the African continent Marcus Taylor Associate Professor and Head of Department Global Development Studies Queen s University Canada

**Mobility, Modernity and the Slum** Rodanthi Tzanelli, 2015-08-20 Only virtuous humans are supposed to move in time to meet their happy destiny or karma The tale of Jamal in Slumdog Millionaire is such a case of serendipitous mobility towards riches and love a journey in which good heroes and urban communities respecting solidarity are successfully modernised Unsurprisingly the film became tangled in many controversies around India s destiny in the world the film inserted Mumbai into various financial political and artistic scenes increased tourism in its filmed slums and brought about charity projects in which celebrities and tourist businesses were involved Slumdog Millionaire served as a global example of a developing country s uneven but unique modernisation This book examines such mobilities of ideas art tourism and activism together In doing so it reveals the significance of Mumbai as a post colonial city in discussions of modernity a form of mobile adaptation to new world realities Tzanelli examines the various agents involved in controversies through multiple virtual and real journeys to India s colonial history and present social complexity with a view to actualise a post colonial future a destiny as the country s serendipitous destination Addressed to interdisciplinary audiences the book will be a useful text for students and scholars of globalisation mobility tourism media and social movement theory

**Handbook of Happiness Research in Latin America** Mariano Rojas, 2015-10-09 This book presents original happiness research from and about a region that shows unexpectedly high levels of happiness Even when Latin American countries cannot be classified as high income countries their population do enjoy on average high happiness levels The book draws attention to some important factors that contribute to the happiness of people such as relational values human relations solidarity networks the role of the family and the availability and gratifying using of leisure time In a world where happiness is acquiring greater relevance as a final social and personal aim both the academic community and the social actors and policy makers community would benefit from Happiness Research in Latin America

*Microfoundations of Institutions* Patrick Haack, Jost Sieweke, Lauri Wessel, 2019-11-25 The notion of microfoundations has received growing interest in neo institutional theory along with an interest in microfoundational research in disciplines such as strategic management and economics

**Tragic encounters and ordinary ethics** Ruth Sheldon, 2016-10-20 For over four decades events in Palestine Israel have provoked raging conflicts within British universities around issues of free speech extremism antisemitism and

Islamophobia But why is this conflict so significant for student activists living at such a geographical distance from the region itself And what role do emotive polarised communications around Palestine Israel play in the life of British academic institutions committed to the ideal of free expression This book draws on original ethnographic research with student activists on different sides of this conflict to initiate a conversation with students academics and members of the public who are concerned with the transnational politics of Palestine Israel and with the changing role of the public university It shows how in an increasingly globalised world that is shaped by entangled histories of European antisemitism and colonial violence ethnography can open up ethical responses to questions of justice **Handbook on Green Growth** Roger Fouquet,2019

Economies around the world have arrived at a critical juncture to continue to grow fuelled by fossil fuels and exacerbate climate change or to move towards more sustainable greener growth Choosing the latter is shown to help address climate change as well as present new economic opportunities This Handbook provides a deeper understanding of the concept of green growth and highlights key lessons from the experience of green transformations across the world following a decade of ambitious stimulus packages and green reforms **Protest Publics** Nina Belyaeva,Victor Albert,Dmitry G. Zaytsev,2019-05-10

This book examines the waves of protest that broke out in the 2010s as the collective actions of self organized publics Drawing on theories of publics counter publics and developing an analytical framework that allows the comparison of different country cases this volume explores the transformation from spontaneous demonstrations driven by civic outrage against injustice to more institutionalized forms of protest Presenting comparative research and case studies on e g the Portuguese Generation in Trouble the Arab Spring in Northern Africa or Occupy Wall Street in the USA the authors explore how protest publics emerge and evolve in very different ways from creating many small citizen groups focused on particular projects to more articulated political agendas for both state and society These protest publics have provoked and legitimized concrete socio political changes altering the balance of power in specific political spaces and in some cases generating profound moments of instability that can lead both to revolutions and to peaceful transformations of political institutions The authors argue that this recent wave of protests is driven by a new type of social actor self organized publics In some cases these protest publics can lead to democratic reform and redistributive policies while in others they can produce destabilization ethnic and nationalist populism and authoritarianism This book will help readers to better understand how seemingly spontaneous public events and protests evolve into meaningful well structured collective action and come to shape political processes in diverse regions of the globe **Retirement in Japan and South Korea** Masa

Higo,Thomas R. Klassen,2015-04-10 This book analyses reforms to retirement policies in Japan and South Korea especially in the context of rapid population ageing A defining feature of the labour markets and workplaces in these two nations and the lives of workers and families is involuntary retirement at relatively young ages The book explains past developments and recent reforms of retirement policies both in the two countries as well as in a cross national comparative manner At the core

of the book is an examination of the social economic and political conflicts around retirement such as between younger and older workers between employers and governments and between employers and workers The policy recommendations offered apply not only to Japan and South Korea but also to other nations such as China The volume is of value particularly for those interested in labour markets and workplaces population ageing and contemporary East Asia in addition to those studying retirement and pensions Policymakers business leaders worker organizations researchers and students will benefit from the insights about the past present and future of retirement

**The University Revolution** Eric Lybeck, 2021-05-12 The Open Access version of this book available at <http://www.taylorfrancis.com/books/e/9781351017558> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license Few institutions in modern society are as significant as universities yet our historical and sociological understanding of the role of higher education has not been substantially updated for decades By revisiting the emergence and transformation of higher education since 1800 using a novel processual approach this book recognizes these developments as having been as central to constituting the modern world as the industrial and democratic revolutions This new interpretation of the role of universities in contemporary society promises to re-orient our understanding of the importance of higher education in the past and future development of modern societies It will therefore appeal to scholars of social science and history with interests in social history and social change education the professions and inequalities

**Comparing Post War Japanese and Finnish Economies and Societies** Yasushi Tanaka, Toshiaki Tamaki, Jari Ojala, Jari Eloranta, 2014-11-13 This book compares two countries with striking parallels in economic and political outcomes yet with some distinct features in terms of institutional structures relative size and culture Therefore this book forms a fruitful platform for the study of the similarities and differences in the economic and societal development of Japan and Finland Despite their geographic distance from one another and the aforementioned differences both countries experienced rather similar economic and societal development patterns after the Second World War The study of these societies both individually and through commonalities will provide a unique perspective on the emergence of modern economies and institutions The book provides comprehensive coverage on issues such as welfare state formation and society security and military spending education system industrial development international trade governmental economic policies energy solutions and bubbles and their collapse thus issues typical for these countries as well as most modern states studied from a longitudinal perspective The book aims to answer a fundamental question in social science Why do there seem to be common trends and developmental paths among countries differing in size culture and economic structure This book will provide insights for those seeking to decipher how the developments in their own countries came about and where they may be headed to

*Social Inequality* Heather M. Fitz Gibbon, Anne M. Nurse, Charles E. Hurst, 2019-07-02 Like past editions this tenth edition of *Social Inequality: Forms, Causes and Consequences* is a user friendly introduction to the study of social inequality This book conveys the pervasiveness and

extensiveness of social inequality in the United States within a comparative context to show how inequality occurs how it affects all of us and what is being done about it This edition benefits from a variety of changes that have significantly strengthened the text The authors pay increased attention to disability intersectionality immigration religion and place This edition also spotlights crime and the criminal justice system as well as health and the environment The tenth edition includes a new chapter on policy alternatives and venues for social change

**The Making of Heritage** Camila Del Marmol, Marc Morell, Jasper Chalcraft, 2014-11-20 This volume explores the process of heritage making and its relation to the production of touristic places examining several case studies around the world Most existing literature on heritage and tourism centers either on its managerial aspects the tourist experience or issues related to inequality and identity politics This volume instead establishes theoretical links between analyses of heritage and the production and reproduction of places in the context of the global tourist trade The approach adopted here is to explore the production of heritage as a complex process shaped by local and global discourses that can have a deep impact on several policies and legislations Heritage itself has now become not only a global discourse but also a global practice which may eventually lead to the use of heritage as a field for hegemony From these perspectives heritage making may be incorporated in the world economy mainly through the global tourism trade The chapters in this book stress the need for identifying the intrinsic political implications of these processes relocating their study in political economic and social settings Combined with a diversified set of theoretical approaches and research methods guided by a common thematic rationale The Making of Heritage is at the forefront of current debates about heritage

**Organizational Imaginaries** Katherine K. Chen, Victor Tan Chen, 2021-03-24 This volume explores an expansive array of organizational imaginaries or conceptions of organizational possibilities with a focus on collectivist democratic organizations to showcase how organizations can ultimately support and serve broader communities
