

Sociology Midterm Review

Objectives:

- To understand the challenges in defining and studying technology
- To obtain an overview of historical definitions of technology and their strengths and limitations
- To learn about the complexity of defining technology as not merely material substance, but rather as a complex assemblage

Social and Ethical Dimensions

- Examining the social side is essential as our society moves toward greater technological integration in many domains including health, education, transport, work and commerce
- Ellul (1964) describes the changes as leading toward a technological society
- The technological society does not describe technology merely as a tool that exists as an extension of our human endeavours

Case Study: Facebook Controversy

- News broke in 2017 that Facebook potentially swayed voters during the 2016 US presidential election
- As this controversy evolved, three issues came to light:
 - Russian propaganda
 - Fake news
 - Cambridge Analytica
- 1. Russian Propaganda
 - Links are suspected to Facebook pages potentially controlled by agencies in Russia with the aim of influencing public opinion in the US.
 - The Internet Research Agency, often referred to as a "troll farm" has been identified as a source of misinformation with direct links to Russia
- 2. Fake news
 - Facebook has been accused of circulating fake news and making it difficult for users to identify truthful information from misinformation
 - One problem is the use of clickbait or sensationalized headlines, that peaks the curiosity of Facebook users.
- 3. Cambridge Analytica
 - Through a third-party app, they were able to access information about 85 million Facebook users, including psychological profiling, which allowed political ads to be micro targeted to users own political views and personality
- The Facebook controversy shows how fake news can influence the political realm

Social Media and Misinformation

- Fake news can affect many aspects of life including politics, health and well-being of communities
- The scandal has created some positive social change
 - How third parties access and use the site
 - Data sharing practices
 - Increasing transparency and public scrutiny of companies

What is Technology

Sociology Midterm Review
