American Sociology Christian Smith, 2014-07-03 Counter to popular perceptions contemporary American sociology is and promotes a profoundly sacred project at heart Sociology today is in fact animated by sacred impulses driven by sacred commitments and serves a sacred project Sociology appears on the surface to be a secular scientific enterprise its founding fathers were mostly atheists Its basic operating premises are secular and naturalistic Sociologists today are disproportionately not religious compared to all Americans and often irreligious The Sacred Project of American Sociology shows counter intuitively that the secular enterprise that everyday sociology appears to be pursuing is actually not what is really going on at sociology s deepest level Christian Smith conducts a self reflexive tables turning cultural and institutional sociology of the profession of American sociology itself showing that this allegedly secular discipline ironically expresses Emile Durkheim s inescapable sacred exemplifies its own versions of Marxist false consciousness and generates a spirited reaction against Max Weber s melancholically observed disenchantment of the world American sociology does not escape the analytical net that it casts over the rest of the ordinary world Sociology itself is a part of that very human very social often very sacred and spiritual world And sociology s ironic mis recognition of its own sacred project leads to a variety of arguably self destructive and distorting tendencies This book re asserts a vision for what sociology is most important for in contrast with its current commitments and calls sociologists back to a more honest fair and healthy vision of its purpose Society

Poythress, 2011-05-04 Interpersonal relationships are possible for humans because we are created in the image of a Trinitarian God But if the Trinity is our model for relationships why is the human condition rife with pain and evil How are we to think correctly about fallen human relationships and our models for understanding them *Redeeming Sociology* advocates a biblically informed model for human relationships relationships rooted in the Trinitarian character of God his governance of the world and his redemption accomplished in

Christ Poythress examines how the breaking of relationships through sin leads to strife murder and oppression among human beings and sets cultures against one another And he shows how these broken relationships are restored through the outworking of redemption in Christ Though typical sociological models for interpersonal relationships may offer some valuable insights they are handicapped by a fundamental misunderstanding of humanity The biblical model that Poythress presents correctly diagnoses the problem of human relationships so it can likewise prescribe a biblical solution that infuses new meaning and power into how we relate to others made in the image of God **American Nightmares** Joel

Best,2018-01-23 In an accessible and droll style well known sociologist Joel Best shines a light on how we navigate these anxious insecure social times While most of us still strive for the American Dream to graduate from college own a home work toward early retirement recent generations have been told that the next generation will not be able to achieve these goals that things are getting or are on the verge of getting worse In American Nightmares Best addresses the apprehension that we face every day as we are bombarded with threats that the social institutions we count on are imperiled Our schools are failing to teach our kids Healthcare may soon be harder to obtain We can t bank on our retirement plans And our homes still the largest chunk of most people s net worth may lose much of their value Our very way of life is being threatened Or is it With a steady voice and keen focus Best examines how a culture develops fears and fantasies and how these visions are created and recreated in every generation By dismantling current ideas about the future collective memory and sociology s marginalization in the public square Best sheds light on how social problems and our anxiety about them are socially constructed **SocNotes for Macionis, Society** John J.
