## **Social Skills Screening Tools:**

**Handbook of Social Skills and Autism Spectrum Disorder** Justin B. Leaf, 2017-10-17 This handbook identifies the various social deficiencies widely associated with children and youth diagnosed with autism spectrum disorder ASD. It discusses possible causes as well as the lifelong effects if these deficiencies are not addressed. The handbook presents current behavioral and curriculum based methods for assessing social deficits. Chapters examine the various interventions that have been used to improve social skills and behavior including video modeling, peer mediated interventions, and script fading. Chapters also assess various interventions using empirically based procedures. The handbook concludes with future directions for the development of both social behavior and clinical social skills interventions. Topics featured in the Handbook include: Impairments in social behavior that may result in negative outcomes such as depression, loneliness, and suicide in individuals with ASD; Bullying among youth with ASD; Behavioral skills training to promote social behavior of individuals with ASD; The Early Start Denver Model approach to helping young children with ASD; The implementation of social skills groups for individuals diagnosed with ASD. The Handbook of Social Skills and Autism Spectrum Disorder is a must have resource for researchers, clinicians, professionals, and graduate students in clinical child, school, and developmental psychology, behavioral therapy, and social work, as well as such interrelated disciplines as child and adolescent psychiatry, rehabilitation medicine, therapy, pediatrics, and special education. **educational psychology**

**Teaching Social Skills to Students with Visual Impairments** Sharon Sacks, Karen E. Wolffe, 2006 This book expands upon the knowledge base and provides a compendium of intervention strategies to support and enhance the acquisition of social skills in children and youths with visual impairments. Part 1 addresses social skills from a first person perspective. The second part examines how theory seeks to explain social development and influences assessment and practice. Part 3 ties personal perspectives and theory to actual practice. Finally, Part 4 offers numerous examples and models for teaching social skills to students who are blind or visually impaired, including those with additional disabling conditions. **Introduction**
