Psychopath? Stephen McWilliams,2020-02-07 Ever wondered why your spine tingles when Hannibal Lecter escapes from custody Or why a narcissistic womanizing assassin for Her Majesty's Secret Service is revered worldwide as a fictional hero Or why you feel a thrill when Frank Underwood manipulates a naive senator Or why you root for Tom Ripley to avoid the clutches of the Italian police *Psychopath* takes you on a journey through the world of fictional villains and antiheroes the lying the cheating and the murder Are they psychopaths in the true sense Guided by the Hare Psychopathy Checklist this book examines whether a fictional forensic psychologist might come to that very conclusion More importantly why do you long for the antihero to succeed With each nefarious deed sympathy and loyalty are garnered pulling you in deeper with every turn of the page until finally irresistibly you find yourself plotting with the psychopath Sociopath Patric Gagne,2024-04-02 Patric Gagne realized she made others uncomfortable before she started kindergarten Something about her caused people to react in a way she didn't understand She suspected it was because she didn't feel things the way other kids did Emotions like fear guilt and empathy eluded her For the most part she felt nothing And she didn't like the way that nothing felt She did her best to pretend she was like everyone else but the constant pressure to conform to a society she knew rejected anyone like her was unbearable So Patric stole She lied She was occasionally violent She became an expert lock picker and home invader All with the goal of replacing the nothingness with something In college Patric finally confirmed what she'd long suspected She was a sociopath But even though it was the very first personality disorder identified well over 200 years ago sociopathy had been neglected by mental health professionals for decades She was told there was no treatment no hope for a normal life She found herself haunted by sociopaths in pop culture madmen and evil villains who are considered monsters Her future looked grim But when Patric reconnects with an old flame she gets a

glimpse of a future beyond her diagnosis If she s capable of love it must mean that she isn t a monster With the help of her sweetheart and some curious characters she meets along the way she embarks on a mission to prove that the millions of Americans who share her diagnosis aren t all monsters either *Comics Lit Vol. 1* Tonya Todd,A.R. questions prejudice self interest motivated reasoning social cultural and political mores an over active amygdala and a brain that had a mind of its own obstacles that make factual accuracy an illusion Living in a postmodern world of relativism suggests that all history is subject to the fancies and foibles of individual bias The example of Sand Creek illustrates why we may be witnessing the end of history Studying Sand Creek exposes our prejudices because facts will not change our minds we invent them in our memories we are poor eyewitnesses we follow the leader we are slaves to our preconceptions and assuredly we never let truth get in the way of what we already think feel or even hope We do not believe what we see instead we see what we believe Michno s extensive research includes primary and select secondary studies including recollections archival accounts newspapers diaries and other original records The Three Battles of Sand Creek will take its place as the definitive account of this previously misunderstood and tragic event
