THE HOUSE OF  
HOHENZOLLERN

WALTER HENRY  
NELSON

# Soldier Kings House Of Hohenzollern

**László M. Alföldi**

## **Soldier Kings House Of Hohenzollern:**

The Soldier Kings Walter Henry Nelson,1970 Characterizes the Hohenzollerns as eccentric autocratic and ambitious with the worst examples ranging from petty tyrants to weaklings and the best exhibiting brilliance vision and tolerance

**Soldier Princess** David Coffey,2002 By the time of her death in 1912 this enigmatic woman s life had become the stuff of myth which she had only encouraged Stories featured her fighting beside her husband in battle while treating the wounded She claimed to have received a captain s commission for her services and to have been a close friend of President Lincoln which apparently she was not One story even placed her in command of a company of troops during Sherman s March to the Sea BOOK JACKET *The Illusion Of Victory* Thomas Fleming,2008-08-05 The political history of the American experience in World War I is a story of conflict and bungled intentions that begins in an era dedicated to progressive social reform and ends in the Red Scare and Prohibition Thomas Fleming tells this story through the complex figure of Woodrow Wilson the contradictory president who wept after declaring war devastated because he knew it would destroy the tolerance of the American people but who then suppressed freedom of speech and used propaganda to excite America into a Hun hating mob This is tragic history inexperienced American military leaders drove their troops into gruesome slaughters progressive politics were put on hold in America an idealistic president s dreams were crushed because of his own negligence Wilson s inability to convince Congress to ratify U S membership in the League of Nations was one of the most poignant failures in the history of the American presidency but even more heartrending were Wilson s concessions to his bitter allies in the Treaty of Versailles In exchange for Allied support of the League of Nations he allowed an unfair peace treaty to be signed a treaty that played no small role in the rise of National Socialism and the outbreak of World War II Thomas Fleming has once again created a masterpiece of narrative American history This incomparable portrait shows how Wilson sacrificed his noble vision to megalomania and single mindedness while paying homage to him as a visionary whose honorable spirit continues to influence Western politics **The 17th and 18th Centuries** Frank N. Magill,2013-09-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual s place in history All entries conclude with a fully annotated bibliography Absolute Power C.S. Denton,2006-07-31 Nearly all men can stand adversity but if you want to test a man s character give him power Abraham Lincoln Throughout history all monarchs have lived with the strange dichotomy of simultaneously being human and more than human In our time when monarchies seem little more than tourist curiosities and democracy is taken for granted it is easy to forget just how much power pre democratic rulers once wielded The rulers

and holders of political power in this book were all possessed of vast in many cases absolute power power which was often exercised arbitrarily and unjustly What unites the figures in this book is that they all in one way or another failed to live up to the extravagantly high hopes invested in them and as a consequence have been judged harshly by history A few such as George III might have been remembered more kindly were it not for mental illness changing their status from that of hero to villain Some like Louis XVI were unfairly transformed into monsters by hostile propaganda while others such as Peter the Great have been both celebrated as heroes and denounced as tyrants often in the same breath Finally there are those rulers who like Caligula or Ivan the Terrible may well fully deserve their evil reputations Absolute Power is a study in how often rulers were carried away or overwhelmed by their exalted status while a few were even driven over the edge into madness

**The Armies of Austria-Hungary and Germany, 1740-1914** László M. Alföldi, 1975      **The Soldier Kings** Walter Henry Nelson, 1970 Characterizes the Hohenzollerns as eccentric autocratic and ambitious with the worst examples ranging from petty tyrants to weaklings and the best exhibiting brilliance vision and tolerance      The History of European Conservative Thought Francesco Giubilei, 2019-06-11 Modern conservatism was born in the crisis of the French Revolution that sought to overturn Christianity monarchy tradition and a trust in experience rather than reason In the name of reason and progress the French Revolution led to the guillotine the dictatorship of Napoleon Bonaparte and a decade of continental war Today Western Civilization is again in crisis with an ever widening progressive campaign against religion tradition and ordered liberty Francesco Giubilei's cogent reassessment of some of conservatism's greatest thinkers could not be timelier Within these pages English speaking readers will come across some familiar names Burke Disraeli Chesterton and Scruton Americans get their own chapter too including penetrating examinations of John Adams Richard Weaver Henry Regnery Robert Nisbet Russell Kirk William F Buckley Jr and Barry Goldwater But perhaps most interesting is Giubilei's coverage of the continental European tradition largely Catholic monarchical traditionalist and anti Jacobin anti Communist and anti Fascist Giubilei offers insightful intellectual portraits of statesmen and philosophers like Count Klemens von Metternich the man who restored Europe after the Napoleonic Wars Eric Voegelin the German political philosopher who made his career in America and traced recurrent strains of leftism to an early Christian heresy Joseph de Maistre the leading French counterrevolutionary philosopher George Santayana a Spaniard who became an American philosopher and conservative pragmatist Jose Ortega y Gasset who warned of the revolt of the masses and a wide variety of Italian thinkers whose conservatism was forged against a Fascist ideology that presented itself as a force for stability and respect for the past but that was fundamentally modernist and opposed to conservatism Unique and written by one of Italy's youngest and brightest conservative thinkers Francesco Giubilei's History of European Conservative Thought is sure to enlighten and inform      The End of the German Monarchy John Van der Kiste, 2017-11-07      *The Holy Roman Empire* Brian A. Pavlac, Elizabeth S. Lott, 2019-06-01 Reference entries overview essays and primary source document excerpts survey the history and unveil the

successes and failures of the longest lasting European empire The Holy Roman Empire endured for ten centuries This book surveys the history of the empire from the formation of a Frankish Kingdom in the sixth century through the efforts of Charlemagne to unify the West around A D 800 the conflicts between emperors and popes in the High Middle Ages and the Reformation and the Wars of Religion in the Early Modern period to the empire's collapse under Napoleonic rule A historical overview and timeline are followed by sections on government and politics organization and administration individuals groups and organizations key events the military objects and artifacts and key places Each of these topical sections begins with an overview essay which is followed by alphabetically arranged reference entries on significant topics The book includes a selection of primary source documents each of which is introduced by a contextualizing headnote and closes with a selected general bibliography

**Black Apollo of Science** Kenneth R. Manning, 1985-01-03 This biography illuminates the racial attitudes of an elite group of American scientists and foundation officers It is the story of a complex and unhappy man It blends social institutional black and political history with the history of science

Zimmer, Glass Artist Klaus Zimmer, 2000 Biography of glass artist Klaus Zimmer primarily focussed on his work Includes memoir by the artist and essays on his work by artists and academics Illustrated throughout with colour and black and white photographs Also released in special edition with slipcase and two original artworks

**World Monarchies and Dynasties** John Middleton, 2015-06-01 Throughout history royal dynasties have dominated countries and empires around the world Kings queens emperors chiefs pharaohs czars whatever title they ruled by monarchs have shaped institutions rituals and cultures in every time period and every corner of the globe The concept of monarchy originated in prehistoric times and evolved over centuries right up to the present Efforts to overthrow monarchies or evade their rule such as the American French Chinese and Russian revolutions are considered turning points in world history Even today many countries retain their monarchies although in vastly reduced form with little political power One cannot understand human history and government without understanding monarchs and monarchies This fully illustrated encyclopedia provides the first complete survey of all the major rulers and ruling families of the world past and present No other reference work approaches the topic with the same sense of magnitude or connection to historical context Arranged in A Z format for ease of access World Monarchies and Dynasties includes information on major monarchs and dynasties from ancient time to the present This set includes overviews of reigns and successions genealogical charts and dynastic timelines addresses concepts problems and theories of monarchy provides background and information for further research highlights important places structures symbols events and legends related to particular monarchs and dynasties includes a master bibliography and multiple indexes

Institutions of Education: Then and Today Paul Cobben, 2010-04-06 The theme of Institutions of Education then and today not only corresponds with the basic questions raised in German Idealism but is also central to the question of whether it is legitimate to study German Idealism in our era Elaborating on this project immediately raises the problem of institutional differentiation which characterizes multicultural

society Does the variety of educational institutions not by definition exclude the shared conception and realization of adulthood that is presupposed by German Idealism This book shows that German Idealism can still participate in the contemporary debate on education it is not only helpful in raising relevant questions but can also be transformed into positions which can deal with the pluriformity that characterizes contemporary society *Bach, Handel, Scarlatti 1685-1985* Peter Williams, 1985-04-18 1985 celebrated the 300th anniversary of the births of Bach Handel and Scarlatti This volume covers all three composers and contains essays from an international team of scholars Some essays make a contribution towards a better understanding of one or other composer but at least half of them are concerned with ideas connecting two or even all three of them The essays are concerned with many aspects of the music technical chronological critical speculative theoretical and importantly practical and the distinguished contributors have often endeavoured to ask questions rather than jump to conclusions Every essay makes fresh points and can open up new avenues for players and in the broadest sense students especially in the present climate of wishing to return to authentic conditions of performance **The**

**Goodness Paradox** Richard W. Wrangham, 2019 Highly accessible authoritative and intellectually provocative a startlingly original theory of how Homo sapiens came to be Richard Wrangham forcefully argues that a quarter of a million years ago rising intelligence among our ancestors led to a unique new ability with unexpected consequences our ancestors invented socially sanctioned capital punishment facilitating domestication increased cooperation the accumulation of culture and ultimately the rise of civilization itself Throughout history even as quotidian life has exhibited calm and tolerance war has never been far away and even within societies violence can be a threat The Goodness Paradox gives a new and powerful argument for how and why this uncanny combination of peacefulness and violence crystallized after our ancestors acquired language in Africa a quarter of a million years ago Words allowed the sharing of intentions that enabled men effectively to coordinate their actions Verbal conspiracies paved the way for planned conflicts and most importantly for the uniquely human act of capital punishment The victims of capital punishment tended to be aggressive men and as their genes waned our ancestors became tamer This ancient form of systemic violence was critical not only encouraging cooperation in peace and war and in culture but also for making us who we are Homo sapiens Royals and the Reich Jonathan

Petropoulos, 2008-08-12 Princes Philipp and Christoph von Hessen Kassel great grandsons of Queen Victoria of England had been humiliated by defeat in World War I and like much of the German aristocracy feared the social unrest wrought by the ineffectual Weimar Republic Jonathan Petropoulos shows how the princes lured by prominent positions in the Nazi regime and highly susceptible to nationalist appeals became enthusiastic supporters of Hitler Prince Philipp son in law to the King of Italy became the highest ranking prince in the Nazi state and developed a close personal relationship with Hitler and Hermann Goring Prince Christoph was a prominent SS officer and head of the most important intelligence agency in the Third Reich In return the princes made the Nazis socially acceptable to wealthy high society patrons Prince Philipp even

introduced G ering to Mussolini at a critical stage in the Nazi Party s development and later served as a liaison between Hitler and the Italian dictator Permitted access to Hessen family private papers and the Royal Archives at Windsor Castle Petropoulos follows the story of the House of Hesse through to its tragic denouement the princes betrayal and persecution by an increasingly paranoid Hitler and prosecution and denazification by the Allies *Professional Journal of the United States Army* ,1970 Military Review ,1970 **Bayonets For Hire** William Urban,William H. McNeill,2007-07-01 From the Greek professional armies of Alexander through the Hundred Years War indeed to today mercenaries have been ever present their role constantly evolving In this compelling new history William Urban takes up their captivating and turbulent story from 1550 to 1789 from the Wars of Religion to the eve of the French Revolution William Urbans many works include the highly acclaimed *The Teutonic Knights* and *Medieval Mercenaries* William McNeill is the author of *The Rise of the West* and is among the worlds most respected historians
