Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1967 Includes Part 1 Number 2 Books and Pamphlets Including Serials and Contributions to Periodicals July December **Microfinance Handbook** Joanna Ledgerwood,1998-12-01 The purpose of the Microfinance Handbook is to bring together in a single source guiding principles and tools that will promote sustainable microfinance and create viable institutions Insight in Innovation Jan Verloop,2004-05-08 Innovation is an ancient art may be as old as 500 000 years but managing innovation is a relatively young management technique only a few decades old and has received much less attention than other aspects of innovation such as creativity entrepreneurship or venturing This book is not about providing a series of recipes on innovation management or a collection of case stories on how to do innovation or not The few examples given are well known innovations from Shell history and all of them have been described before in the literature However this book does not focus on the brilliant result or failure of the innovations but on the process of innovation in order to understand the features of a well managed innovation effort The book has been written around six main themes 1 Understanding innovation as a business process and how it has developed through history 2 For a manager it is essential to appreciate the fundamental difference between inside and outside the box innovation each one needs its own specific management process 3 The main roles of the innovation manager are managing the innovation funnel executing the innovation strategy and optimising the value of the innovation portfolio 4 Entrepreneurship is the key resource in innovation and the right conditions have to be created for it to flourish in large companies 5 The value of innovation can be assessed as an option value and in creating intellectual capital for the company 6 Integrating sustainable development in the innovation process requires changes in the management process in the assessment and valuation of innovation and in the interaction with the stakeholders Extremely practical book based on hands on experience and written to a high academic standard Provides unique and novel perspectives into the innovation process One of only a few titles that discuss how to manage the innovation process *A Manual of Etymology* Anne C.
