**Long Before the Dodgers** James L. Terry, 2018-08-03 Exactly one hundred years before the Brooklyn Dodgers won the 1955 World Series the Brooklyn Excelsiors were playing on the same grounds where the Dodgers would begin their long

history Brooklyn and its teams played a prominent role in the early history of the game and reigned as champions of baseball's first organized league through most of the 1860s. The early years of organized baseball 1855-1884 in Brooklyn when it was the center of the baseball universe is the focus of this book. In addition to discussing the early clubs and players, this work examines the transformation of baseball from a recreational pursuit of gentlemen's clubs to a professional spectator sport. It also reveals much about the social norms, gender and race relations, and the role of the media in the early game and covers the many firsts that are attributed to early Brooklyn teams, such as having the first paid player, tragic hero and curveball pitcher, and being the first team to take road trips, play in enclosed ball parks, and charge admission. Notably, they were heralded by the most famed sports journalist of the nineteenth century.

**The Deacon and the Schoolmaster** Robert Peyton Wiggins, 2011-09-29. Among the great pitchers in baseball history, Charles Deacon Phillippe and Samuel The Schoolmaster Leever are hardly household names. But during the first decade of the twentieth century, these two Pittsburgh Pirates were among the most celebrated pitchers in the majors. From 1900 through 1906, they posted a combined record of 261 victories against 131 losses for a win-loss percentage of .666. During the years Deacon and the Schoolmaster pitched together, the Pirates never finished out of the first division, won four National League pennants, and came in second four times. Without flamboyance or controversy to color their legacy, their fame faded quickly after their playing days. But they remain among the most important players in the history of the club.
