Small Things Considered Moments From Manliness To Manilow English Edition:

Small Things Considered Joel Schwartzberg, 2014-06 **Power Dads** Wayne Parker, 2015-02-24 Fathers enter into the state of fatherhood without the proverbial owner's manual for raising children. With great trepidation they begin their journey with a little bit of faith and a lot of angst knowing that what they do and fail to do will impact this new little life forever. The 10 power principles included in PowerDads are all about learning what's important in this role we call fatherhood and developing the skills to implement the power principles in every day parenting. Wayne Parker's PowerDads is a must read for any dad who wants to make a lasting impact on his kids. Wayne provides valuable wisdom that comes from decades of experience. Read, digest and implement these proven concepts in your family. Michael A. Stelzner, CEO and Founder, Social Media Examiner, MyKidsAdventures.com. Power Dads is a hands-on manual for all dads interested in learning how to be the best father possible in raising their children in today's complex world. A must read. Lawrence Agresto, Author of A Father's New Beginning. Wayne Parker may be a fatherhood guide by trade and title, but his insight clearly comes from his personal experience: the good, the bad, the ugly and the beautiful. Power Dads has incredibly useful suggestions for dads, clearly explained, organized and supported by a wide range of research and wisdom, but the thumping heart of the book are engaging personal stories that inspired so many of these learnings. Parker has a generous and open-minded voice that says, "I've been there, realized that, and invites all fathers in on the secrets." Joel Schwartzberg, essayist and author of The 40 Year Old Version, Humors of a Divorced Dad and Small Things Considered Moments from Manhood to Manilow.
