TAA Compliant Products

As outlined by the Trade Agreement Act (1979), US Government and affiliated entities with federal contracts are required to purchase only "end products" made or substantially transformed within the United States or other TAA "Designated Countries." "End products" are defined by the Act as "those articles, materials and supplies to be acquired for public use." The TAA requires suppliers to certify that each "end product" meets these requirements. TAA "Designated Countries" include the Caribbean Basin countries, WTO GPA countries, Free Trade Agreement Countries and certain other "least developed" countries.
