Through the Eyes of Serial Killers Nadia Fezzani, 2015-03-07

Journalist Nadia Fezzani spent years probing the minds of serial killers in search of answers to unsettling questions What went on in their heads as they prepared for their next crime What drove them to murder not once but habitually Were they born killers or had they begun as normal individuals and been somehow

transformed into predators Fezzani conducted groundbreaking uncensored interviews with multiple murderers behind bars The account she pieces together from interviews psychological research criminal profiling and genetic studies is as unsettling as it is undeniable The scars of abuse and cold blooded logic all emerge as Fezzani dissects serial killers personalities in a quest to understand those who have committed unthinkable crimes Through the Eyes of Serial Killers explores the leading theories on the psychology of serial killing victim selection and telling signs of potentially dangerous mental disturbance It is hoped that a clear headed understanding of serial killings can unlock better strategies to prevent or even predict this rarest and most evil of crimes Bitter Harvest Ann Rule,2023-02-28 Journeys inside the twisted mind of a killer Dr Debora Green after the cancer specialist was arrested for the arson murders of two of her three children and the attempted poisoning of her estranged husband Last Dance, Last Chance Ann Rule,2023-02-21 America s best true crime writer Kirkus Reviews presents an all new collection of crime stories drawn from her private files and featuring the riveting case of a fraudulent doctor whose lifelong deceptions had deadly consequences The inspiration behind the upcoming Lifetime movie event Desperate Hours Dr Anthony Pignataro was a cosmetic surgeon and a famed medical researcher whose flashy red Lamborghini and flamboyant lifestyle in western New York State suggested a highly successful career But appearances can be deceiving and for the doctor s wife very nearly deadly Now the motivations of the classic sociopath are plumbed with chilling accuracy by Ann Rule Along with other shocking true cases this worldwide headline making case will have you turning pages in disbelief that a trusted medical professional could sink to the depths of greed manipulation and self aggrandizement where even slow deliberate murder is not seen for what it truly is pure evil **Green River, Running Red** Ann Rule,2019-08-20 In this provocative and eye opening classic of investigative journalism the 1 New York Times bestselling author and America s best true crime writer Kirkus Reviews Ann Rule explores the nearly twenty year long search for America s most prolific and horrifying serial killer In 1982 the body of Wendy Coffield is discovered floating near the sandy shore of Washington s Green River Authorities have no idea that this tragic and violent death is only the beginning of a string of murders that will rock and terrify the Seattle area for two decades With her signature riveting prose and in depth research Ann Rule takes us behind the scenes of the search for the Green River Killer a terrifying specter who ritualistically killed young women and eluded authorities for years From seeking the help of incarcerated serial killer Ted Bundy to Ann Rule s horrifying realization that the killer she was writing about had attended her book signings Green River Running Red is the suspenseful and unforgettable definitive narrative of the brutal and senseless crimes that haunted the Seattle area for decades Publishers Weekly Evil Women John Marlowe,2017-07-11 Many people find it impossible to believe women are capable of committing brutal murders but this book shows otherwise Katherine Knight donned a black negligee before stabbing her lover John Price 37 times then serving up his corpse for dinner with baked potatoes pumpkin and all the trimmings Sue Basso became supermarket packer Buddy Musso s lady love but his dreams of happiness were shredded when

she and her friends tortured him to death for a paltry 15 000 life insurance policy Shelly Michael injected her husband with a drug that led to death by slow suffocation then she set their house on fire Each of the cases documented here makes for a chilling read proving that evil transcends the sexes *Evil Wives* John Marlowe,2009-09-01 Many people find it difficult to believe that women are capable of extreme acts of violence so female killers have often been able to evade the long arm of the law for extended periods of time Indeed the concept of the evil wife seems much more shocking than that of the evil husband perhaps because women are so closely associated with nurture and support in western society In the case of most women society's trust is not misplaced but one must be ready to accept there are always exceptions such as the women you'll encounter within these pages who all proved themselves far deadlier than the male *Evil Wives* focuses on the most horrible crimes ever committed by women Author John Marlowe presents a carefully chosen cross section of history's deadliest female criminals whose fascinating life stories are viewed with an unflinching gaze making for a chilling but engrossing read Features Nancy Kissel Kimberly Hricko Jane Andrews Rita Gluzman Nancy Nannie Doss Rosemary West
