The research presented reflects interests of scholars from various backgrounds who use different models, approaches, and methodologies, many of which are adapted from the study of civilian institutions. The work is divided into five sections: Contemporary Approaches to Managing Diversity; Diversifying Leadership; Equity in Evaluation and Promotion; Gender Integration and Sexual Harassment; Military Discipline and Race; and Where Do We Go from Here, which proposes future research directions for equal opportunity and diversity management in the armed forces. All of the areas explored in this accessibly written volume have counterparts in the civilian sector. The book offers insights, practical methodologies, and effective management guidelines for commanders, civilian sector executives, and human resource practitioners responsible for equal opportunity programs and outcomes. This is now the standard social research tool in an area of profound practical concerns.
