Timeless principles of empowering leadership USA Today The best how to manual anywhere for managers on delegating training and driving flawless execution FORTUNE Marquet was a Naval Academy graduate and an experienced officer when selected for submarine command Trained to give orders in the traditional model of know all tell all leadership he faced a new wrinkle when he was shifted to the Santa Fe a nuclear powered submarine Facing the high stress environment of a sub where there s little margin for error he was determined to reverse the trends he found on the Santa Fe poor morale poor performance and the worst retention rate in the fleet Marquet ran into trouble when he unknowingly gave an impossible order and his crew tried to follow it anyway When he asked why the answer was Because you told me to Marquet realized that while he had been trained for a different submarine his crew had been trained to do what they were told a deadly combination That s when Marquet flipped the leadership model on its head and pushed for leadership at every level Turn the Ship Around reveals how the Santa Fe skyrocketed from worst to first in the fleet by challenging the U S Navy s traditional leader follower approach Struggling against his own instincts to take control he instead achieved the vastly more powerful model of giving control to his subordinates and creating leaders Whether you need a major change of course or just a tweak of the rudder you can apply Marquet s methods to turn your own ship around **Fleet Review** ,1913 **Single Subject Training Manual IV (Rights and Benefits) of Navy Counselor 1 & C Training Course** United States.
