Metamorphoses Ovid, 2018-04-13. Ovid's *Metamorphoses* is one of the most influential works of Western literature, inspiring artists and writers from Titian to Shakespeare to Salman Rushdie. These are some of the most famous Roman myths as you've never read them before: sensuous, dangerously witty, audacious. From the fall of Troy to the birth of the Minotaur and many others that only appear in the *Metamorphoses*, connected together by the immutable laws of change and metamorphosis, the myths tell the story of the world from its creation up to the transformation of Julius Caesar from man into god.
