During World War I Illustrations Pack with 115 maps plans and photos The famous battle memoirs of the Red Baron The Red Battle Flyer or Red Fighter Pilot German Der Rote Kampfflieger is a book written by Manfred von Richthofen the most famous German fighter pilot ace During his time over the Western Front he achieved eighty air combat victories making him the top scoring fighter pilot of the First World War The book details some of Richthofen s experiences during World War I He finished the book in 1917 during a convalescence from wounds and as it was written during the World War I it was subjected to war time censorship He would fight on wreaking havoc among Allied airmen until 1918 when he was finally downed the final vanquisher of the famous Red Baron is still disputed but seems that he met his end from ground fire *Mr. Poilu; Notes And Sketches With The Fighting French [Illustrated Edition]* Herbert Ward,2014-08-15 Illustrated with 45 pictures and vignettes many in colour Herbert Ward was a patriotic and passionate Englishman at an unfortunate juncture in his life during the First World War he was over 40 and would not be allowed to enlist in the British Army for service in the fields of Flanders under ordinary circumstances However this was a minor issue when the Kaiser s German hordes advanced to within artillery range of his home in France he at once gave over his large estate to the Red Cross and argued and created so much fuss that he was finally allowed to join the famous No 3 Convoy of the British Ambulance Committee He worked with at a furious rate and his work with the units which was attached to the French army at the time surely saved many lives of the Poilus that he so admired Despite the huge burdens that work placed him under he set about recording the admirable bravery and courage of the Allied French soldiers fighting the common German foe With the French Flying Corps ... Stuart Walcott,2013-01-15 It is now seven weeks since the dispatches from Paris reported that Stuart Walcott was attacked by three German airplanes and brought down behind the German lines after he himself had brought down a German plane in his first combat on December 12 1917 and that it was feared he had been killed but even now after the lapse of

nearly two months it is not definitely known whether his fall proved fatal or whether the earnest hope of his friends that he is still alive may be realized Unfortunately for the family and friends of Stuart Walcott his grave was located not long after the Princeton Alumni Journal printed the above He had given his life for his ideals of Democracy and Freedom fighting above the fields of France as a pilot His letters recount his experiences training and fighting with the famed Lafayette Escadrille with fellow Americans Author Walcott Stuart 1896 1917 Text taken whole and complete from the edition published in Princeton Princeton university press 1918 Original Page Count 93 pages Illustration 3 illustrations **From Mons To Ypres With General French; A Personal Narrative [Illustrated Edition]** Frederic Abernethy Coleman, 2012-04-12 When the British troops advanced into Belgium in 1914 to face the German foe it was with a sure and steady confidence in the outcome These same men trudged back grumbling along the same path toward France as the full weight of the German steamroller advanced toward the numerically small British Expeditionary Force At Mons they turned at bay and gave the Germans a tough time but little more than a check as two corps could not hold up two huge armies As the static battlelines began to coalesce from Switzerland to the English channel the fierce fighting flared up for any advantageous town and none more so than Ypres The first battle of Ypres was a bitter bloody affair which ended the German advance but at terrible cost to the last of the regular soldiers of the B E F Along with these hardened professional soldiers went a handful of amateurs determined to help these members of the Royal Automobile Club with their motor cars were attached to various headquarters to aid in transmission of orders As the eyes and ears of the army the two cavalry brigade were in need of the most help from the R A C volunteers as they ranged far and wide The author was attached to the cavalry during retreat from Mons to the first battle of Ypres he admired and had grown fond of the men with whom he had shared much danger His post enabled him to meet a great number of the high ranking officers and in his capacity as messenger would have been better informed than most His book is excellently written and deserves reading and re reading Author Frederic Abernethy Coleman 1876 1931 Text taken whole and complete from the edition published in New York Dodd Mead and company 1916 Original Page Count xvii and 381 pages Illustrations 50 illustrations **Aeronautics** ,1918 Henley's Twentieth Century Formulas, Recipes and Processes Gardner Dexter Hiscox, 1927 **The Modern Gasoline Automobile** Victor Wilfred Pagé, 1928 Modern Aviation Engines Victor Wilfred Pagé, 1929
