Artefacts of Writing Peter D. McDonald, 2017-10-11 Some forms of literature interfere with the workings of the literate brain posing a challenge to readers of all kinds including professional literary critics In Artefacts of Writing Peter D McDonald argues they pose as much of a challenge to the way states conceptualise language culture and community Drawing on a wealth of evidence from Victorian scholarly disputes over the identity of the English language to the constitutional debates about its future in Ireland India and South Africa and from the quarrels over the idea of culture within the League of Nations in the interwar years to UNESCO's ongoing struggle to articulate a viable concept of diversity McDonald brings together a large ensemble of legacy writers including T S Eliot James Joyce and Rabindranath Tagore putting them in dialogue with each other and with the policy makers who shaped the formation of modern states and the history of internationalist thought from the 1860s to the 1940s In the second part of the book he reflects on the continuing evolution of these dialogues showing how a varied array of more contemporary writers from Amit Chaudhuri J M Coetzee and Salman Rushdie to Antjie Krog Arvind Krishna Mehrotra and Es'kia Mphahlele cast new light on a range of questions concerning education literacy human rights translation indigenous knowledge and cultural diversity that have preoccupied UNESCO since 1945 At once a novel contribution to institutional and intellectual history and an innovative exercise in literary and philosophical analysis Artefacts of Writing affords a unique perspective on literature's place at the centre of some of the most fraught often lethal public controversies that defined the long twentieth century and that continue to haunt us today **The Concise Oxford Companion to American Literature** James D.
